Farmers are asked to nominate candidates of their choice to be on the ASC Community committee ballot, says Paul E. Hall.

The ASC Community committee election will be conducted from Nov. 21 to Dec. 1, by mail ballot. The four ASC on the local level. To meet the needs of communities in Nicholas county are:

A—Headquarters and Bartlettville; B—Ellisville and Myers; C—Moore and East Union; and D—Carlisle and Parks.

ASC committees are responsible for managing government farm programs on the local level. To meet the needs of individual producers, ASC committee

A few basic considerations should be kept in mind when circulating petitions. Mr. Hall said. In order to be valid, petitions must be limited to one nominee each, must be signed by at least three eligible farm voters in the ASC Community, and must be received in the county ASCS office no later than Oct. 28.

A farmer may circulate or sign nominating petitions for as many candidates as he chooses. Any farmer wishing to nominate a farmer for the ASC committee election may contact the county ASCS office for full details, including eligibility requirements for officeholders.

Mr. Hall believes that farmer nominations of candidates for the upcoming ASC committee election are very important. He said, "Farmers should petition for and elect those individuals they feel would do a good job as ASC committeemen. The election of concerned farmers to positions on ASC committees is necessary for good administration of farm programs."

Mr. Hall further explained that the county ASCS office welcomes all valid petitions. The opportunity to nominate, vote, and be elected to office is guaranteed to all farmers regardless of age, religion, sex, color, or national origin.
