and Conservation (ASC) committee by delegates to the ASC county convention, held Dec. 16.

The delegates also elected Cliff Vice and Bobby Brady as first and second alternates to the committee.

The Nicholas County ASC Committee for 1976 are Eugene Letcher, chairman; Edgar Allen Darrell, vice chairman; and Matthew Kennedy, regular member.

Eugene Letcher has served the Nicholas County ASCS Office as Compliance reporter, alternate to County Committee, and now as chairman of County Committee. He operates a dairy, produces tobacco, corn, etc. on his farm.

Edgar Allen Darrell has served the County ASCS Office as alternate County Committeeman and now as vice-chairman to the County Committee. He operates a beef farm, produces tobacco, corn, wheat, etc. on his farm.

Matthew Kennedy has been with ASCS as a Compliance reporter, alternate to the County Committee, Community Committeeman, and now as County Committeeman. He operates a beef farm, produces tobacco, etc.

Cliff Vice and Bobby Brady who will be serving as first and second alternates to the County Committee both produce tobacco. Vice has a dairy operation while Brady has a beef herd on his farm.

The county ASC committee is responsible for local administration of government farm programs such as the Tobacco, Agricultural Conservation Program (ACP), and the Feed-Grain and Wheat Program.

The vacancies were filled by farmer-delegates who are newly elected ASC community committeemen for 1976. Community committees assist the county committee in farm program administration and help keep farmers informed of program provisions.

KU reduces fuel adjustment charge another 15%

Fuel adjustment charges on Kentucky Utilities Company electric bills to residential, commercial and industrial customers will be 15.6 per cent lower during January, February and March. The amount will be 0.365 cents per kilowatt hour compared to the 0.427 cents per kWh in the October, November and December bills. The reduced charge reflects the lower cost of coal burned in KU's generating plants during September, October and November.

Health Office to close
The Nicholas County Health Department will be closed Thursday and Friday, Jan. 1 and 2 for New Years.

Fire damages East Union home Monday

Woody Wilson, Nicholas County Fire Chief reported a fire on Monday, Dec. 22 at the home of Ronald Jones about nine miles from Carlisle on the Upper East Union Road. The owner of the property is Myrtle Froge. Wilson said that the fire was caused by a defective flue. He said that damage to the house was estimated at \$2,500, while damage to the contents was slight.

Pool receipts heaviest since 1970

In pre-Christmas sales the pool consignments of burley tobacco in the eight-state belt reached a total of 41,293,588 pounds, highest recorded in five years. The markets closed Dec. 18, and will reopen Jan. 5.

Of this total the Burley Tobacco Growers Cooperative Association took 24,728,187 pounds in the five states in which it administers price supports—Kentucky, Indiana, Ohio, West Virginia and Missouri. The remaining 16,575,401 pounds represents pooled tobacco from crop sold in Tennessee, North Carolina and Virginia.

Pre-holiday consignments are now larger than the loan purchase totals of the years 1971, '72, '73 and '74 combined. In 1970 a total of 47,660,000 pounds went under loan, when the crop exceeded 500 million pounds. Latest USDA estimates have placed the 1975 crop at 67.2 million pounds.

Alvin R. Beckley, executive secretary-treasurer of the Burley Association, reports that pooled tobacco from the 1975 crop now totals eight per cent of sales in the eight-state burley belt. This year's largest tobacco crop since 1964 is causing increased concern for directors of the Burley Association, in view of the mounting supplies of foreign-grown burley imports. Burley men's eyes are upon the dates of Jan. 10 when new USDA estimates are due on the size of the 1975 crop, and around

Feb. 1 when export-import figures are updated. Both of these important reports will be out by Feb. 1, when the national marketing quota for the 1976 burley crop is determined by law.

David J. Williams, of Richmond, president of the Burley-Coop, says that the Association will welcome any written comments and suggestions as to proposed quotas. Directors favor a cut for 1976, but are undecided upon a definite percentage reduction. Mr. Williams has called a special meeting

of directors for Wednesday, Jan. 7, for further consideration of the supply and demand outlook for burley.

Individual growers with written comments are invited to mail these to the Burley Tobacco Growers Cooperative Association, P.O. Box 880, Lexington, Ky. 40501, prior to Jan. 7. The Association's recommendations for 1976 production will be submitted at the USDA burley quota hearing, set for 9 a.m. Friday, Jan. 9, in Seay Auditorium, Ag Science Center, University of Kentucky, Lexington.
