

Hardtimer's C.B. Radio Club to meet in Millersburg

The Hardtimer's C.B. Radio Club will hold their regular meeting at the Rotary Club in Millersburg...

BROWNOUT: WE HOPE YOUR KIDS NEVER FIND OUT WHAT IT MEANS.

When the demand for electricity is so great the electric company can't meet it, a "brownout" occurs. Line voltage drops, lights dim, appliances don't work properly...

Right now this isn't a problem for our customers. We have enough generating capacity to supply your home and job, even during times when everyone uses a lot of electricity.

That's why we must build new generating plants today. To meet increasing electrical demands. To avoid brownouts five or ten years from now.

All of this takes money.

KENTUCKY UTILITIES ELECTRICITY... USE IT BUT USE IT WISELY.
