Today's tip: Heating water is the second greatest home use of electric energy. Quick showers instead of baths, and repairing leaky faucets will help you keep your standard of living up while cutting down your use of energy.

Farm and Home
Keep Food Hot, Cold, Clean
You've been up half the night with an upset stomach. Your head feels as if it's going to burst and you ache all over. You figure you've picked up the 'flu bug' or 'that virus that's going around' right?
