The new road being constructed to replace the railroad bridge on the Moorefield Road at the hospital. The present overhead bridge was built to replace the original road, which was located where the new one will be, because the train frightened the horses in the vicinity. To The People of Nicholas County and Carlisle:

A number of people have asked if there would be a tax increase to pay a second Deputy Sheriff.

The Sheriff's Office does not set the tax rate.

We are three men who have agreed to divide the Sheriff's Office fees equally.
