LAUGH OUT

Said the bellhop to a noisy college party in a hotel bedroom: "I've been sent to ask you to take less noise. The mag in the next room says he can't read."

"Tell him," was the reply of one of the collegiates, "that he ought to be ashamed of himself. Why, I could read when I was five years old."

Driving in the fog can be quite hazardous. Do not use your high beams. The light bounces off the mist and back into your eyes. Use your low beams and drive a little slower.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find the words in all directions — Horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.
