Mission truck to make pickup

The Methodist Mountain Mission truck from Jackson will be in Nicholas County on Wednesday, Feb. 23 for its regular bi-monthly pickup of used clothing, shoes, household furnishings, bedding, towels and kitchen articles. Items may be left at United Methodist Church in the county or at the Annex of Carlisle United Methodist Church. Many persons may have taken advantage of all the incentive vehicles to have cleaned closets and cupboards. This would be a good place to bring items of no further use to you and your family. For further information call Rev. Richard Chamberlain at 285-2430 or 285-0226.

National Farm Machinery Show, Tractor Pull set Feb. 16-19

Over 440 exhibitors and 345 pullers will be at Kentucky Fair and Exposition Center Feb. 16-19 in the biggest National Farm Machinery Show and Championship Tractor Pull ever. More than 600,000 square feet of show space has been mapped out, including KFEC's East and West Wings, Newmarket Hall, Pavilion, new East and West Halls (about 40,000 square feet of display space each), new outside courtyards and lawns. The action will also be off the grounds, with free towing scheduled for nearby 35-acre Executive Bowl and free bus tours of Louisville tourist spots.

The show, free to the public, will run from 9 a.m. to 5:30 p.m. The new East and West Halls, of course, are reasons for the added number of exhibitors this year. The number had been held at a ceiling of about 350 for the past several years, but over 100 companies on the waiting list finally got their chance this year.

The Championship Tractor Pull will also top out at a record level, with a new added class for 4,000-pound trucks, vans or jeeps. They have to be gasoline powered and four-wheel drive. Twenty-four vehicles are registered for that class, which adds another 15,000 to last year's pot, a total record of \$25,200. Eleven tractor classes will again pull this year.

Insulate now with Insulspray foam insulation.

Reduce costly heat loss in your home.

In the average home, more heat escapes through the walls than from anywhere else. Now there's a way to effectively reduce costly heat loss. It's Insulspray—a foam insulation that's applied directly into the outside walls of your home. Quickly and without mess, your home becomes more comfortable to live in and much more economical to live with. It even becomes quieter. Save on rising fuel costs year-round with Insulspray foam insulation.
