Mr. and Mrs. Donald Gaunce, Mrs. Hilda Poyner of Lexington visited Mrs. Woodrow Gaunce on Sunday and accompanied Tammy and Timmy Gaunce home with them for a few days.

Six accidents reported locally

The Nicholas County Sheriff's office investigated three auto accidents during the week and Sheriff Reese Snoot reported three accidents were investigated by Kentucky State Trooper Bill Hayes.

About 4:30 p.m. on Monday, July 4, Snoot investigated an accident on route 66 involving autos operated by Curtis Richardson of Berlin Heights, Ohio and a pickup truck owned by Nicholas county. The Sheriff said Mrs. Jolly was traveling west and attempted to turn left into a driveway at the Fred Jones residence when the two cars collided. Richardson, his wife and two children were examined and given first aid treatment at the Nicholas County Hospital and released. Snoot said, and Mrs. Jolly was taken to Harrison Memorial Hospital in Cynthiana. Both vehicles were considerably damaged.

A tractor-trailer truck traveling west on 66 operated by Doyle Swindell of Salem, Mo. sidweped an auto traveling east operated by Carl Caullill of Lexington, the county sheriff said. The non-injury accident occurred about 1:15 p.m. on Friday, July 3. Snoot said near the Carroo Country Club. The Caullill vehicle was badly damaged, according to Snoot, while very little damage was done to the truck.

Nicholas County Deputy Sheriff J.W. Ecton investigated a non-injury accident about 8:30 a.m. on Monday. Ecton said an auto operated by Maggie P. Davis of Nicholas county collided at an intersection on the county road with a pickup truck operated by Delbert Crawford of Frenchburg.

Details of the accidents investigated by Trooper Bill Hayes were not available at press time.

Letters

Continued from page 1

During the year there would be no delivery from Thursday until Monday or from Friday until Tuesday. This pile of mail for delivery on the first of the month would be almost intolerable for the carriers, and management should have more respect for them than to economize this way. The average person does not realize the volume of mail that each carrier has to handle and take out each day and the time and stress that is involved. Each addressed piece must be handled about three times. It is questionable economy when an employee is saddled with two days work in one day—and this is every week. Too many of the economies are made at the expense of faithful employees. The clerk who succeeded in my work at the close of 1975, an employee of about 10 years—is still an hourly employee—being denied regular or annual rate by higher management—in the name of economy.

Our Congressman Mr. Perkins is already working to block the no-strike-day delivery scheme. He and the Senators need our supporting letters now.

Sincerely,
George Roberts

TOBACCO HAIL INSURANCE

Mark Scott, son of Mr. and Mrs. W.H. Scott of Sterling, Mich., has graduated with highest honors under aliver at Kalamazoo College. He is the grandson of Mr. and Mrs. Wern Root of Nicholas county.

Mr. Scott received a 3.0 average. He has joined the family business in Roseomon, Mich. as plant manager of oot's Wood Products sawest operation.

Giants are Babe Ruth season champs as regular play ends

The Dodgers had five wins in 13 games. They were managed by Larry Sherry and coached by Darrell Stacy and Larry Truett.

The Senators also had five wins and 13 losses. They were managed by J.R. Turner and coached by Don Marlin and Royce Clayton.

A defeat Dodgers in Friday's game was the last game of the regular Babe Ruth season on Sunday in the Giants for the Philadelphia Society for the Promotion of Agriculture had been in existence for 100 years. The Land Grant College Act of 1862, however, served to put this education on a national, rather than a local basis. These early efforts at informing farmers and gardeners of new methods, new crops and new practices were beset with many problems, but progress was made. By 1892, organized college extension teaching was begun and has ever continued on a formal and continuing basis.

And then 1892 should go down as a momentous year in the history of American agriculture. The mentioned events that transpired during a scant month and a half resulted in the most enlightened, most productive and most successful of all the life professionals in the world. Moreover, these events have also resulted in Americans being the best fed and best clothed people on earth.

The fertile soil and temperate climate combined tremendously to American agriculture, of course, but the events of 1892 made it possible for farmers to make the very most of those resources.

The University of Kentucky is one of the land grant institutions established under that act in 1862, although it was initially the Kentucky Agricultural and Mechanical College and came into being in 1880. The old Kentucky A & M is the forerunner of the present day College of Agriculture of the University of Kentucky.

Belmont results had the Senators come out on top by one run in the second game over the Dodgers, 8-7. Next got the win after taking over for his brother Tony. Ken Matter got the loss. Hitting for the Senators were M. Duncan, M. Coburn, T. Reed (1), S. Fryman, T. Ginn, F. Hatfield, J. Clay and N. Reed. For the Dodgers, hits were made by M. Woolley, M. Sewell (1), T. Allison, M. Taylor, M. Baker (1).

The end of the season resulted in: The Giants, 31st with a record of 17 wins and 10 losses. They were managed by Herbert Booth and coached by Ronnie Letcher.

The A's had seven wins and 11 losses. They were managed by P. Henry and coached by Bobby Tucker and Bear Mattos.
