Ballard area deer hunters may apply until July 14

FRANKFORT—Hunters will have a 14-day period in which to apply for deer hunting at the Ballard County Wildlife Management Area in Western Kentucky, according to regulations proposed by the Kentucky Department of Fish and Wildlife Resources.

All hunters wishing to hunt deer on the Ballard area must submit a letter of application between July 1 and July 14, 1977. A random drawing will be used to select the 120 hunters for each of the six two-day hunts.

Three bow hunts are scheduled for the area: Oct. 16-17, Oct. 23-24 and Oct. 30-31. In addition, three gun hunts are scheduled for Oct. 21-22, Oct. 28-29 and Nov. 5-6. Wildlife biologists feel these hunts are necessary to reduce the size of the deer population on the area, thus lessening the chances of disease and overbrowsing.

Only one application per individual will be permitted. Multiple applications will result in disqualification of the applicant.

All hunters wishing to apply should follow the steps below carefully, says Game Management Director Joe Bruna. Failure to do so could lead to delays or disqualification, he warns.

Each letter of application must contain the following: the name of each applicant (limit two names per application); address, age, telephone number, hunting license number, preferred method of hunting (gun or bow) and first, second and third choices of hunting dates.

A stamped, self-addressed envelope must accompany each application. All applicants will be notified whether or not they were successful in the drawing. Those who are chosen to hunt will have 14 days from the time they are notified to return a $10 fee (cashier's check or money order payable to Dept. of Fish and Wildlife).

Applications should be addressed to: Manager, Ballard County Wildlife Management Area., Rt. #1, LaCenter, Ky. 42056. Each envelope should have either "gun" or "archery" written in the lower left corner.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the key words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.

CAMPING ALL YEAR ROUND

BY BOB NESOFF

CB INFORMATION

Dear Bob: I've been thinking about getting a CB for my car for a variety of reasons. It would not hurt in case of an emergency while on the road, for one.

How can I find out how to contact the various campgrounds by their call signs, other campers' call signs, etc? Can I use my radio into Canada and what equipment do you recommend?—D. J.

Dear D: I'm sure you will get a kick out of CB.

Let's jump around a lit in answering your questions. There is no way that I can recommend any particular unit as the best one for you. What I like and what may suit my needs, could be entirely wrong for you.

There are so many excellent brands on the market that it wouldn't be fair to pick one over the others out of hand. The market has also been flooded with books on CB and several of them rate the sets and antennas available. It might be best for you to pick up one of these books and decide for yourself.

I prefer a slide mount for both of my rigs and have installed a floor mount slide. Slide mounts are better because of the ease with which the units may be removed from the vehicle. If you take advantage of this, the chances of having a valuable unit ripped off declines drastically. I also use a snap on gutter mount antenna on both cars. This way by simply taking it off, it disguises the fact that there may be a CB hidden in the car.

I know of no book that lists campers' call letters or handles. There has been some talk of a group getting together to put out a national CB registry. But at this point I don't know if it is just talk or if it has come to pass. As for campgrounds, I believe the Rand McNally Campground director lists some 800 campgrounds using CBs.

Yes, you may take your CB into Canada, but you need a special registration for it. This may be obtained in this country or by writing to the Regional Superintendent of Telecommunications in Canada.

We have found, by the way, that CB is a fantastic aid in helping to keep track of the kids. We give them a pair of low power walkie talkies and can find them without too much difficulty.

CALORIE COUNTDOWN

BY SUSAN DUFF MASTRO

ARE YOU A COMPULSIVE OVEREATER?

A group called Overeaters Anonymous bases its diet principles on those of Alcoholics Anonymous. They even use some of the same techniques and, for a growing number of people, it has been an effective method for losing weight and keeping it off. OA contends that most people with a weight problem are compulsive overeaters, as alcoholics' behavior with alcohol is compulsive. The quiz which follows can help you determine whether or not you are a compulsive overeater. Answer yes or no.

1. Do you eat when you are not hungry? 2. Do you frequently go on eating binges for no apparent reason? 3. Do you feel guilty and remorseful after you have overeaten? 4. Do you spend a lot of time thinking about food? 5. Do you anticipate with pleasure those moments when you can eat alone? 6. Do you plan ahead for secret binges? 7. Are you ashamed of your eating behavior (do you eat sensibly when others are around, and then make up for it when you're alone)? 8. Does your weight affect the way you live your life? 9. Do you consistently fall short of your goal and give up when you diet for a week or longer? 10. Are you resentful when others suggest you employ a little will power to curtail your eating? 11. Despite your inability to diet successfully, do you continue to insist assertively that you can lose weight "on your own," and whenever you want to, just as soon as you put your mind to it? 12. Do you have frequent cravings for food, day and night, other than at mealtimes? 13. Does eating assuage your emotional upsets; do you tend to reach for food when troubled or worried? 14. Have you ever been treated by a physician for overweight? 15. Does your obsession with food make you or others who care about you unhappy?

If you answered three or more of these questions in the affirmative, you are according to Overeaters Anonymous, a person with a compulsive eating problem, or are well on the way to having one.

OA is probably the best diet group around to deal with this specific and very important aspect of controlling eating behavior. If the questionnaire reveals you to be what they term a compulsive eater, you might want to check your phone directory for a local group. They welcome newcomers, dues are low, and the results are reported to be excellent.
