

Kentucky... We'd like to show it to you.

New campaign slogan

Farm and Home

The changing weather of the past few weeks has snarped us out of the latter winter experience in recent years and started most farmers thinking about the coming planting season.

This winter has been reducing insect populations in the state. The decision on the selection of a tobacco variety should be based on a number of factors related to the farm—the major factors to be considered are diseases, yield potential and personal preference.
