Trackers to defend region title this week

The Nicholas County High School track team finished up its regularly scheduled track meets last week, in preparation for this week's regional meet in Morehead. The team split a contest with Paris, the girls winning 64-7, and the boys losing to the defending state champions, 75-50. Nicholas County coach, Ben Pumpfrey, is hopeful that his girls have reached the stage where they will be competitive in the region this fall. With

Baseballers close out season, 10-9

going into the district tournament coach Bill Anderson feels that it is all going to be up for grabs. If the pitching and the fielding will be there, Anderson feels that his team will supply the firepower to go along. Mike Mattow would have to be ranked as the No. 1 pitcher with his 5-0 record, and if the defensive errors will equate for awhile the Jackets should have a good chance to fair well in post season play.

Nicholas County High School's baseball team closed out its regular season's play last week in good fashion by going three for four and sharpening their skills in preparation for the week's district tournament. The win pulled the Jackets' record for the year to 10-9.
Greg Letcher pitched two home runs and Tim Mortland came in to relieve to give the Bluejackets a 12-1 extra inning victory over potential district foe, Paris. Mortland came into the game to replace Mike Mattow and retired the last seven Paris batters in a row to allow Nicholas County to pull out a victory in that one.
Bobby Tinscher and Todd Scott both pounded three run homers in the first inning of a game with Mason County last week and allowed the Jackets to coast on in to a 1-15 final score. Mike Mattow also hit a home run in that game, as well as closing out his pitching record for the season at 5-0 by getting the win.
Also last week the Jackets powdered Paris, Morehead came into the game to replace Mike Mattow and retired the last seven Paris batters in a row to allow Nicholas County to pull out a 1-14 defeat.
