### Agree or not

By S.C. Van Curen  
FRANKFORT—An agreement reached between the Council on Public Higher Education and the Finance Department gives the two state agencies stronger control over real estate purchased and construction on the campuses of state-supported universities and colleges. Any such transaction valued at over \$25,000 must be reviewed and approved by the two state agencies. Finance Commissioner Russell McClure said the new regulation is designed to see that the higher education dollar is spent more wisely and in a coordinated pattern for the furtherance of higher education. Harry Snyder, director of the education council, said the new policy also will "tighten up potential commitments that state education institutions make when they accept federal grants."

Hospital Administrator Ken Uriage was notified Thursday that the new hospital has been approved by the last level—the State Certificate of Need and License Board. Mr. Uriage stated that a progress report will be required by this board every six months until the new hospital is completed. Plans call for it to be completed by September 1978. The next step is to prepare for selling the bonds, Mr. Uriage stated.

### Commonwealth of Kentucky AUDITOR OF PUBLIC ACCOUNTS Franklin, Kentucky 40601

January 27, 1977  
To the People of Kentucky  
Honorable Julian H. Carroll, Governor  
Commonwealth of Kentucky  
Franklin, Kentucky 40601  
Honorable Mildred Clark, County Judge and  
Members of the Nicholas County Fiscal Court  
Carlisle, Kentucky

We have examined the Revenue Sharing Fund Statement of Revenue Appropriation, Expenditures, Encumbrances and Balance and the Statement of Obligations Incurred (Incurred in Nicholas County, Kentucky) for the year ended June 30, 1975. Our examination was made in accordance with generally accepted auditing standards and the Audit Guide and Standards for Revenue Sharing, U.S. Department of the Treasury, and accordingly included such tests of the accounting records and other auditing procedures as we considered necessary in the circumstances. As part of our examination, we made a study of compliance matters as prescribed in Section V of the "Guide" for the year ended June 30, 1975. Our study of compliance, which related to the requirements cited above, disclosed no conditions which we considered matters of accountancy.

In our opinion, the Statement of Revenue Appropriation, Expenditures, Encumbrances and Balance and the Statement of Obligations Incurred present fairly the revenue, expenditures, obligations incurred and status of revenue sharing funds of Nicholas County, Kentucky, for the year ended June 30, 1975, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Respectfully submitted,  
George J. Ashen  
Auditor of Public Accounts
