James Tincher to graduate

James Tincher, son of Mrs. Janette Ritchie of Carlisle, is one of 44 in the graduating class at the Kentucky School for the Deaf in Danville which will receive diplomas or certificates on Friday, June 3. The students come from all over the state of Kentucky and will qualify for a high school diploma or a vocational certificate. Seven of the graduates will continue their education in college, 11 in vocational schools, five are undecided and the remainder will farm, marry and/or seek employment.

Budden attends defender seminar

FRANKFORT—Harry E. Budden, a Carlisle lawyer was among 135 Kentucky attorneys who attended the fifth annual Public Defender Training Seminar last week in Louisville.

The two-day conference included sessions on trial strategy, plea negotiations, sentencing alternatives, examination of witnesses, exhibiting evidence and the current status of Kentucky mental health laws.

Conference coordinator Bill Ayer, said this year's sessions brought more participation than in the past, "by using Kentucky cases and demonstrating, for instance, the cross examination of a witness. The response was very good," he said.

Out-of-state speakers were Judge Timothy Murphy of the D.C. Superior Court, and Judah Best, defense attorney for Spiro Agnew and Wayne Hayes who talked about plea negotiations and sentencing alternatives.

The seminar opened on Monday with an address by Kentucky Bar Association president-elect Frank Haddad Jr. and closed Tuesday evening.

Senator Blake

Compliments

Dr. Ed Ford

Sen. H. Stanley Blake, after serving the 30th Senatorial District for 24 continuous years, serving under [6] six Kentucky Governors, wishes to recommend to the voters of the 30th Senatorial District Dr. Ed Ford of Cynthiana [our neighbor boy] for our next State Senator.

It is regrettable that such an important post in State Government is now at the present time vacant until January 1978.

Dr. Ford has served over 25 years of his life for better education, community and civil service improvement.

He is a man of both accomplishment and integrity.

I beg your earnest consideration of this very fine man for our next State Senator. I thank you.

Jackets in regional tourney after defeating Paris to earn second-place in the district

by Jimmy Smith

In what coach Bill Anderson called "the best pitched and best defensive game of the year" the Nicholas County High School baseball team handed Paris a 3-1 defeat in the semi-finals of the district baseball tournament and made themselves eligible to move on to regional play this week.

Jacket ace, Mike Mattox moved his record to six wins and no losses and allowed only one run on three hits late in the last inning. The Jacket defense was also sparkling as they did not commit an error the entire ball game and held the Greyhounds scoreless until their final turn at bat.

Tony Ritchie scored the first run of the game when Jeff Mattox banged an RBI in the third inning. Then Billy Minton came to the plate a few innings later and knocked a double, scoring Bobby Tincher. Minton then put on a show and stole home a few plays later when Jimmy Caswell was drawing Paris' attention by stealing second. The double steal put the Jackets out 3-0 and they held on to win.

In the championship game of the district the Bluejackets weren't able to get the pitching going and lost 23-1 to Harrison County. The Nicholas County club only made one error in the game but they just couldn't keep the Thoroughbreds from pounding their way through four Jacket pitchers.

The Bluejackets will be playing Franklin County in the Regional Tournament early this week.

High risk infants helped by WEDCO

The Wedco District Health Department has developed a program for the follow-up of high risk infants who are released from the University of Kentucky Neonatal Intensive Care Unit. The Wedco District Health Department includes Bourbon, Clark, Harrison, Nicholas and Scott counties.

The program staff, which includes community health nurses, nutritionists, and a social worker provide for the continuity of health care once the infant is released from the hospital. During 1975 and 1976 there were 80 infants whose families reside in Wedco counties who were released from the University of Kentucky Medical Center Neonatal Intensive Care Unit. In 1977, there have been 18 babies released from the hospital to the home in the Wedco counties.

High Risk Infants are infants with conditions that are detrimental to their normal growth and development. Coordinator for the High Risk Infant Follow-Up Program is Virginia T. McGregor, R.N.

Commonwealth of Kentucky

AUDITOR OF PUBLIC ACCOUNTS

Frankfort, Kentucky 40601

January 27, 1977

To the People of Kentucky

Honorable Julian M. Carroll, Governor

Commonwealth of Kentucky

Frankfort, Kentucky

We have examined the records supporting fines and state taxes collected by the County Judge, Circuit Court Clerk and County Court Clerk of Nicholas County for the period October 1, 1974 to October 1, 1976. Our examination was conducted in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances except that we were unable to perform an adequate audit of the transactions of the Circuit Court Clerk's office because she did not maintain complete records.

In our opinion, except as explained in the first paragraph of the letter, the reports filed with the State by the above mentioned County officials reflect fairly the fines and state taxes due the State for the period October 1, 1974 to October 1, 1976.

Respectfully submitted,
