Salmonella
Remember the last time you thought you had the "flu" or your stomach was upset? Well, that's all it might have been. Then again, you might have been suffering from the bug known as salmonella. It causes a disease called salmonellosis which is one of the more common types of food poisoning. How common? Some persons have gone as high as two million cases per year.

Citizens form board of new Home Ec class to aid in special training

The Advisory Board of the Home Economics Department of the Nicholas County High School and Graduate Center is the first one on Wednesday, Nov. 2. The Home Economics Department established the Board to aid and promote the new federally funded vocational training program, particularly in Child Child Development class.
