Kentucky returns home after upset of Penn State

KENTUCKY—The University of Kentucky Wildcats, fresh from a 34-20 upset of fourth ranked Penn State at College Park, return home to open their Southeastern Conference schedule Saturday night against Mississippi State at Commonwealth Stadium.

The Wildcats were ranked 18th in the nation entering the Kansas State game. "I hardly know what to say," State coach Bob Tyler said. "We were very fortunate to win."

Coach Fran Curci, whose UK team will meet a Bulldog team with a similar record after defeating Kansas State, 34-21, Saturday at Manhattan.

Senior quarterback Joe Ruddlel passed for three touchdowns and ran for one touchdown in Nicholas County's 56-0 victory over the Bluejackets of Bath County Friday night here. Handy Hunter back (left) and the Bluejackets defense completely stymied the Wildcats to make Nicholas County's Homecoming a complete success.

The Homecoming festivities seemed to provide the evening's only suspense, as the outcome of the game was decided early.

After the crowing at halftime of the 1977 Nicholas County Football Homecoming queen, Miss Kim Smoot, the only thing left in doubt was the final margin of victory.

The Bluejackets scored eight touchdowns in the first half. The first score occurred a few plays after the opening kickoff. A 23 yard run by Joe Ruddlel. Tim Moreland's extra point kick attempt failed. Mid-way through the quarter, Ruddlel passed to Allen Adkins 17 yards for a touchdown. Moreland's kick attempt was successful. A 20 yard pass from Ruddlel to Gary Williams gave Nicholas County its final touchdown of the first quarter. Moreland's kick was good, leaving the score 34-0.

The second quarter added 21 more points to Nicholas County's side of the score board. A one-yard run by Handy Hunter gave the Jack's their first six points in the quarter. The extra-point kick, by Moreland, was good. Hunter scored another touchdown, midway through the quarter, plunging four yards. The touchdown was set up after a fumble recovery by Kevin Gibson. Again, Moreland's kick was good. The final seven points of the quarter came when Joe Ruddlel completed a 26 yard touchdown pass to Timmy Ockman and Moreland completed the extra point. The Jack's led 44-0 at the half.

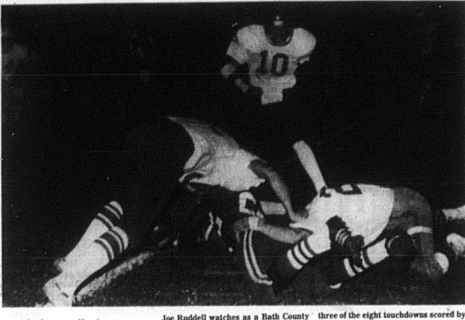

A 60 yard punt return by Greg Willis, was the only touchdown scored in the third quarter. Moreland's extra point kick was good, making the score 44-0 at the end of the third quarter.

The leading ball carriers for Nicholas County were Mike Berry, carrying the ball 12 times for 60 yards, Greg Willis carried 3 times for 60 yards, Allen Adkins carried 8 for 50, Joe Ruddlel carried 4 for 27, and Handy Hunter carried 4 for 36.

Joe Ruddlel completed 8 passes out of 11, for 93 yds., and Mark Ruddlel complete 3 out of 8 for 43 yards.

The Bluejackets defense had 3 outstanding leaders. They each had 9 tackles and were Dewain Williams, Rudy Handolph, and Kevin Gibson. Ron Hozer followed with 8, James Anderson had 7, Ricky Fryman had 6, and Joe Ruddlel had 5.

Nicholas County will travel away this Friday to take on Paris, attempting to win their seventh straight game.

Joe Ruddlel watches as a Bath County player is downed during Friday's Homecoming game. Ruddlel passed for three of the eight touchdowns scored by Nicholas County during the game.

Budget hearing sites

These are the 11 locations for Gov. Julia Carver's state budget hearings scheduled during October. The Governor's cabinet secretaries will meet with representatives to discuss government and to get their ideas on future directions for state government. Comments and suggestions will be considered as the state's budget proposal for 1978-79 is prepared for presentation to the 1978 General Assembly.

Assembly Area meetings are: Oct. 13—Lexington, Fayette County Board of Education (Old Henry Clay High School Auditorium), 1 p.m. EDT; Secretary Cabell, Oct. 13—Morehead State University, Reed Hall, 1 p.m. EDT; Secretary Russell McCrere, Executive Department for Finance and Administration. The hearings were advertised in all the state's weekly newspapers.

Perkins calls for equalization of educational funds bill

Washington—Chairman Carl D. Perkins of the House Committee on Education and Labor today called for a major Federal effort to equalize educational resources among the states.

The Kentucky Congressman began two days of hearings on legislation he introduced last January to provide general aid to local districts. The aid provided would help the districts bring about a more equitable distribution of educational funds.

Experts on school finance are scheduled to testify throughout the country, Perkins said.

Except for a \$11.5 million program introduced last January to help states developing state equalization plans, the Federal Government has not provided funds for this purpose.

Since the Serrano v. Priest decision which held that California's method of school financing violated the State Constitution, a number of States have begun efforts to revamp their school finance systems with less dependence on local property wealth.

Congressman Perkins said he introduced the legislation because he believed that "inequality in the level of funding available to local school districts is at the root of most of the problems we face in education today and the Federal Government possesses a tremendous capability to help states bring about substantial change in this area."

"In my own State of Kentucky," Congressman Perkins continued, "the richest school district spends three times as much per pupil as the poorest school district. No amount of categorical aid can possibly overcome that basic inequity. We can only overcome that basic inequity by revamping the entire program of top-down categorical aid. The programs that remain that in Kentucky the rich will have three times as much for their children's basic education as will the poor."

The Perkins bill, H.R. 1138, authorizes funds for two types of grants: block grants and equalization grants, both to be appropriated only when the appropriate Title I of the elementary and secondary education act equals or exceeds \$3 billion. In order to receive the equalization grants, a state must submit a plan to achieve equalization of resources and the plan must be approved by the U.S. Commissioner of Education.

Congressman Perkins stated that he viewed this program as an addition "on top of—not to replace—categorical Federal aid."

Although the legislation as presently written would require a multi-billion dollar appropriation, Perkins said that if a program of this scale is not feasible at this time, given the limited availability of Federal Government do something on a more modest scale to further equalization.

Congressman Perkins noted that now is an especially appropriate time for the Federal Government to begin considering the problem of unequal resources because next year the Subcommittee will be coming up with several elementary and secondary education programs that expire at the end of fiscal year 1978. The Subcommittee now is in the midst of a seven-month long review of all these programs.
