When you place your ad in this newspaper, the label is clipped and returned to you...

Teenage drinking

Teenage drinking has been a serious problem since Prohibition, but parents continually refuse to accept the fact that the majority of high school age children are consuming alcoholic beverages at an alarming rate.

Much interest shown as Gov. Carroll announces private study plan results

By S.C. Van Orum. FRANKFORT—People in state government were agog last week after Gov. Julian Carroll announced the results of a study made by a private corporation about future building needs...

think of me.

I can get the Semites out of your house. And the wife. And the dog. And keep them out. I can get any pest out of your house...

Kentucky reflections

By George Street Boone. The last days of August we drove through a heavy drizzle in the Canadian Rockies. It is in this 120 square mile park that two continental climates meet...

Mercury vapors

By Warren R. Fisher. Forms and more forms. Somehow or other I seem to get more questionnaires or should I say survey forms to fill out...

Resignation

The fact, statistics and research information gathered in this study are consistent with the use of alcohol, especially their use of alcohol as it relates to driving and highway safety.

QUESTIONABLE Finance Deals. Another factor was a premenstrual one: the weather. With the exception of the last three days, many skies and balmy temperatures in the 80-degree range prevailed.
