THE KINGSLEY - CROUSHORN GROUP
A New Force In The Industrial Equipment Market
Sometimes bigger is better. That's the case with the Kingsley-Croushorn Group—five companies joining forces to provide you with the advantages of doing business with a large operation:
LARGER INVENTORY
Now we can offer a greater selection of available equipment—and if one company doesn't have exactly what you need, chances are another one does.
BETTER FINANCING
Depending on your needs, you can rent or purchase from the Kingsley-Croushorn Group. Our new strength also means additional sources of financing. And if you're in a hurry, credit you have established with one company can be quickly transferred to another location.
BETTER PARTS & MAINTENANCE SERVICE
We now offer a greater parts inventory, so downtime can be held to a minimum. And in case of emergency, your equipment can most likely be serviced at the company nearest you, regardless of which company you obtained the equipment from.
PERSONAL SERVICE
In some ways, bigger isn't better. That's why the Kingsley-Croushorn Group's five members are all locally operated, so you can continue to receive the personal service and attention that can only be provided by people who understand the requirements of your job and your area.
The next time you're in the market for industrial equipment, remember the Group that gives you all the advantages of a large operation, plus the service you receive from a local company.
