Five markets still open

Burley — Type 31

Burley tobacco auctions were being held at only five markets by the end of the tenth week of sales. The Federal-State Market News Service reports volume was light at most points. Prices and quality held about the same as the week before. The percentage of sales placed under loan remained fairly low. Markets planning to operate next week are Carrollton, Lexington, Louisville and Shelbyville.

Gross sales for the four days through Feb. 9 totaled 9,254,882 pounds and averaged $122.61 per hundred — up 30 cents from the preceding week. The season figure stands at 630,872,100 pounds averaging $119.97 per hundred. Reseales this week amounted to 1,013,561 pounds and 61,195,364 pounds for the season. Gross sales last season during 40 sales days totaled 660,990,700 pounds returning $114.55.

Averages showed no major variation from the week before for most grades. Several baskets of more desirable marketings continued selling for $130 per hundred pounds.

Last week's marketings by group were as follows: flyings made up about 12 per cent of sales, lugs — 15, leaf — 50, tips — 6, mixed — 11, nondescript — 3 and no-grade about 2 per cent.

The Burley Cooperatives received 7.2 per cent of sales last week with the season percentage holding at 8.8. last season 5.8 per cent was placed under loan.

State, local Easter Seal chairmen named

LOUISVILLE — A leader in Kentucky's agricultural industry has been named chairman of the 1978 Kentucky Easter Seal campaign.

He is Smith D. Broadbent, Jr., of Cadiz. Joe Crouch is chairman of the Nicholas County Easter Seal campaign. The campaign begins March 1 and continues through March 31.

As chairman, Mr. Broadbent will lead more than 15,000 volunteers who will participate in the statewide appeal to enlist financial support for rehabilitation services provided by the Kentucky Easter Seal Society for Crippled Children and Adults.

Hearings to start on farmers' crisis

WASHINGTON — Senator Walter (Dee) Huddleston said today that the Senate Agriculture Committee will begin hearings Feb. 23 on the financial crisis facing many American farmers.

Sen. Huddleston, who chairs the subcommittee on agricultural production, marketing and stabilization of prices and Herman Talmadge, committee chairman, will preside over the hearings.

The Kentucky senator, who has introduced a one-year emergency farm bill, said the hearings will form the basis for committee action dealing with the farm problem.

Sen. Huddleston's bill would raise the target prices for corn and wheat by 50 cents a bushel, thus making the target price for the 1978 corn crop $2.60 and the target price for wheat $3.50.

EASTER SEAL LEADERS . . . Smith D. Broadbent, Jr., of Cadiz, chairman of the 1978 Kentucky Eastern Seal Campaign, meets with poster child Kathleen Mary Sullivan. The five-year-old Paducah youngster learned to walk at the Easter Seal Center in Paducah. She is representative of the many Kentuckians who receive Easter Seal care and treatment. The 1978 campaign begins March 1 and ends March 31.

Court news

Circuit Court

The Nicholas County Grand Jury returned indictments against Jeffry Lane Flora and Jerry Wayne Becraft when Nicholas County Circuit Court convened last Friday, Feb. 10.

Mr. Flora, of the East Union Road, was charged with knowingly receiving stolen property. The property, recovered by State Trooper John Hall, is alleged to be that which was stolen during a break in at Smith's Greenhouses between Dec. 2 and 4, 1977.

Mr. Becraft was charged with first-degree burglary by unlawfully entering the dwelling Mobile (a mobile home) of Earl and Henrietta White at about 8 p.m. on Dec. 13. He is accused of taking two shotguns and a man's diamond cluster ring from the home which is located in Nicholas County about four miles south of Sharpsburg. The property was recovered in Mt. Sterling.

Both men were released on bail.

IN MEMORY OF M/SGT. RAYMOND R. CURRY, U.S. ARMY RETIRED ON HIS BIRTHDAY, Feb. 22, 1918-Dec. 26, 1977

This is a thank you to God and my husband for the joys we shared over twenty-five wonderful years.

He shared happiness with all who loved him so we try to remember him with smiles in place of tears;

Raymond gave the best years of his life to this country so that Americans could live in "The Land of The Free"!

Now his brave deeds may not be remembered by many but his love for all people will live inside of me.

Tis said by a famous man, "Old Soldiers Never Die" they just seem to fade away.

Twas true for my comrade, he didn't suffer as the angels played "Taps" and called him on that victorious day.

His love and understanding were among the few things in life, I felt I could call my own.

He gave me roots so I could plant my feet, compassion, love, and care such as few have ever known.

INTERSTATE COMMERCE COMMISSION NOTICE
AB 2 (Sub-No. 14)
LOUISVILLE AND NASHVILLE RAILROAD COMPANY FOR AUTHORITY TO ABANDON A LINE OF RAILROAD IN HARRISON, NICHOLAS, FLEMING MASON COUNTIES, KENTUCKY THE MAYSVILLE BRANCH

January 31, 1978

The Interstate Commerce Commission's Section of Energy and Environment has concluded that the proposed abandonment by the Louisville and Nashville Railroad Company between Paris and Maysville, KY., a distance of 49.6 miles, if approved by the Commission, does not constitute a major Federal action significantly affecting the quality of the human environment.

It was concluded, among other things, that the environmental impacts are insignificant because diversion of traffic from rail to motor carrier would not substantially alter fuel consumption emissions or highway safety. Also, no land use plans of an economic or industrial importance exist which would necessitate rail service. In addition, an agreement between the L & N and the C & O will provide rail service to Maysville via the C & O. This agreement will enable approximately 52 per cent of the current traffic to retain direct rail access. Consequently the proposed abandonment would not have significant adverse impacts on rural and community development. It has been determined that the right-of-way would not be suitable for recreation or other public uses following abandonment.

These conclusions are contained in a staff-prepared environmental threshold assessment survey, which is available on request to the Interstate Commerce Commission, Office of Proceedings, Washington, D. C. 20423; telephone 202-275-7011. Interested persons may comment on this matter by filing their statements in writing on or before March 17, 1978.

It should be emphasized that the environmental threshold assessment survey represents an evaluation of the environmental issues in the proceeding and does not purport to resolve the issues of whether the present or future public convenience and necessity permit discontinuance of the line proposed for abandonment. Consequently, comments on the environmental study should be limited to discussion of the presence or absence of environmental impacts and reasonable alternatives.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.

During Mark Twain's days as a newspaperman, he was editor of a small Missouri paper. One day he received a letter from a subscriber, stating that he had found a spider in his paper, and asked if this was an omen of good or bad luck.

Twain replied: *"Finding a spider in your paper is neither good nor bad luck. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."*
