

Shaw-Evans vows spoken in December wedding

The marriage of Miss Jewel Mae Shaw, daughter of Mr. and Mrs. Russell Shaw of Carlisle and Mark Anthony Evans, son of Mr. and Mrs. Calverth Evans also of Carlisle was solemnized at 7:30 p.m. Saturday, Dec. 17 at the United Methodist Church in Carlisle.

The bride, radiant in a traditional gown of white tulle with a high neckline and long sleeves, high steeple collar also trimmed in lace. The flower girls extended into the double ring altar light ceremony. The groom, Mr. Edith Blake performed the traditional program of nuptial vows. The bride, escorted to the altar by her father, wore a traditional floor length gown of satin trimmed in lace with a

Couple feted with shower

Miss Pricy Sparks and David Darrell were honored Sunday, Jan. 15 with a luncheon shower given by the members of the Miranda Homemakers at the home of Mrs. Albert Vice. A dessert table was served to guests. The couple plan to be married on Saturday, Feb. 25.

and six days in Ft. Lauderdale, Fla. The Welfs remained in Ft. Lauderdale and plan to return home this week. The couple spent two additional days in Norfolk, Calif. and Mrs. Mike Phillips and son Ray and Pat were in Lexington Thursday when they visited Mr. and Mrs. Warren R. Fisher and Mr. and Mrs. Joseph H. Conley attended the Kentucky Press Association meeting held last week at the Hyatt Regency in Lexington. Ollie Ray Cannon entered the Good Samaritan Hospital at Lexington Monday, Sept. 18 and is recovering from a hernia operation.

Dr. Raymond Wesley of Prospect, and his children, Ann and Jason were visiting in Carlisle on Tuesday. Mr. and Mrs. John Soper returned home last Wednesday after spending three days with Mr. and Mrs. John Wolf of Cincinnati and Lake Carriac at Grand Harbor in the Bahamas Islands.

could go wrong, did. From bunk beds falling, to the collapse being off key. There was nothing but to cancel the party. It was a disaster. The bride and groom were not there, there were, but they overcame them by hard work and being able to make people believe in her. The launching of the Mississippi Queen, sister boat to the Delta Queen, should have been the happy ending for Betty's success, but not so. During the first month of operation of the Mississippi Queen everything that Betty Blake is featured in the January issue of Signature Magazine, published monthly by the Media Services Division of Diner's Club, Inc. The article, written by Rosalind Maslow, Move/Betty Blake, and titles it "She Opens With a Queen on the Water". The Queens refer to the Delta Queen, the Mississippi Queen, and Betty is a member of the board of directors of the company. Last year when the Coca Cola Bottling Company of New York bought the steamship company from Overseas National Airways, the sale hinged on whether Betty Blake would be available. The company's first name was to name her president of its new steamboat division, since the success of which is as often as possible. Her home office is in Cincinnati.

Kay's Kitchen

— By Kay Fisher

Since I seem to be on budget minded weeks, I'll pass on some of the ideas and menus that have come to mind. One thing to remember, a casserole dish will give you more servings than a vegetable or meat prepared and served "as is". Take for example a head of cabbage. Instead of serving it boiled or fried, you can make sautéed cabbage, add a little butter, salt and pepper, and mix with a dash that will serve perhaps three more people. For instance, one can of salmon may serve four, but if you make a salmon loaf, you may serve as many as six or more. Here is a salmon loaf recipe and sauce I think is extra good.

SALMON LOAF
1 can (1 1/2 lb.) salmon, drained and flaked
2 cups soft bread crumbs
1/4 cup finely chopped onion
1/4 cup finely chopped parsley
3 eggs, lightly beaten
1 tablespoon Worcestershire sauce
1/2 teaspoon salt
2 tablespoons butter or margarine, melted

In a large bowl combine all ingredients. Stir until well mixed. Spoon into a greased loaf pan. Spread smooth. Bake in a preheated moderate oven until a knife inserted in center comes out clean, about 45 minutes. Cooking time depends on size and shape of pan. Let stand five minutes before unmolding.

Kentucky has first horse park

LEXINGTON — In the fall of 1978 Kentucky will have not only the world's first park devoted to horses, and not only the first U.S. staging of a world championship for equestrians, but also the only International Museum of the Horse.

Like the World Championship Three-Day Event for equestrians, the museum will be in the Kentucky Horse Park, off I-75 just north of Lexington. The museum's unique status qualified it for the title International Museum of the Horse. It will not be limited to any breed, class or location of horses, according to museum director Bill Cooke.

"The museum is designed to entertain and educate the visitor who knows little about horses," said Mr. Cooke. "But we haven't forgotten our own Kentuckians who are experts on horses. We will have exhibits that will interest, even teach, them."

Included in plans for the museum, now under construction, are individual computer terminals where any visitor can make keyboard inquiries and receive answers on a small screen. Another feature will be a time line, which will take visitors literally up-

ward, while figuratively taking them through time to trace the history of the horse. Cooke has already acquired a number of animals which will be exhibited in this portion of the museum. They include antique carriages, coaches and wagons, and a trophy from an 1844 colt Gold Eagle won the Morgan Stakes at the Kentucky Association track. Mr. Cooke bought the pitcher at auction for \$800. It is now insured for \$1,000.

Mr. Cooke expects an antique Concord coach to attract much attention along with its "spectacular" appearance. Used as a city stage coach in his day, the coach was bought in New Hampshire for \$25,000 as a vehicle dating back to 1865. Restorers have since determined, however, that the coach was probably made in 1850 and worth more realistically be worth \$40,000-\$60,000. Like scenes hand-painted on the doors enhanced the value, according to Cooke. He estimated restoration of the coach to cost \$4,000.

Full-scale skeletal reproductions of modern horse's ancestors done by the American Museum of Natural History in New York also will be displayed in the time line. Eolophus (the 14-inch tall "Horse of the Dawn"), mesolophus and nerychippus are included. The time line will deliver visitors to the second floor of the museum where they can see an exhibit called "The Horse in Sport."

Along with purchased display items, Mr. Cooke is expecting permanent loans and donations to fill the museum. "We are fairly certain of receiving fantastic donations from some very impressive people and institutions," said Mr. Cooke. He added that he could not yet reveal names of the prospective donors.

"Nearly everyone seems anxious to cooperate," Mr. Cooke said. Mr. Cooke previously worked as director of the Texas Railroad and Pioneer Museum and as research assistant in the Texas Memorial Museum. He is collaborating with a Couple Designers, principal designers of the Horse Park, in assembling the museum's displays.

Frankfort facts

By Senator Ed Ford
FRANKFORT — The General Assembly was a day late starting last week. We observed the Birthday of Dr. Martin Luther King on Monday.

We met on Tuesday at 2 p.m. despite the severe snow. There were 38 of the 38 senators present and about 70 of the 100 house members.

Tuesday night, Governor Carroll gave his budget address to both the House and the Senate. The total budget for the next two years will be \$7.5 billion.

The education package includes \$720 million new dollars for secondary and elementary education. He has provided money to raise teachers' salaries and the per-pupil expenditure to near the average of states average by the time he completes his term in office. He also provided money for student fees and free text books for all students. The budget also includes funds for state-wide kindergarten by 1980.

The one thing in his budget address that did disturb me was the elimination of bonus units for vocational and special education. Every county in the district has these units and will be affected. I have talked to him about some districts actually losing money and he has agreed to talk to me about it after each district computes the new system and knows the real effect.

I was disappointed to see that he did not provide any money for the elimination of the sales tax on residential utility bills. There is 17 per cent more money estimated for the next two years and I was hoping that he would use this as an opportunity to give you, the taxpayer, some relief. I have introduced a bill in the Senate to provide for removal of this tax and now have 13 co-sponsors. We will continue to push this issue. It is becoming ever more important to you in view of the extreme winter we are once again having.

We have passed over 25 bills in the Senate. Most are "House Cleaning" bills or correcting language and terminology. These education bills passed through the education committee on which I serve before they were passed.

Something different to do with leftover roast beef. Cooked meat, heat with tomato sauce and onions. Add chili powder to taste and drained kidney beans. Heat all ingredients together until heated through. Quick Chili!

To stretch vegetables, serve in a cream sauce or a rich cream-cheese sauce. Put lima beans, corn, carrots, onions—the list is endless—are delicious served creamed.

George Atkins says Governor trying to gut his effectiveness

State Auditor George Atkins says that Governor Julius Carwell is attempting to gut his office by cutting the auditor's 1978-80 general fund budget by 96 per cent.

If adopted, Mr. Atkins says the governor's proposal would strip the office of its ability to audit and insure the accountability of state tax dollars. It would mean the end of investigations of state spending deals which have been embarrassing to the Carroll administration.

The General Assembly did not meet Thursday in observance of Robert E. Lee's birthday. We had planned to reconvene on Friday but due to the snow storms we elected not to come back until Monday the 23.

"I'm looking forward to a busy week. Things are beginning to move both in committee and on the floor. If you need to contact me during the session write to me at the Capitol in Frankfort. I want to remind you that you can see your legislators at work on educational tv at 7:30 and 11 p.m.

"The governor is calling his recommendation a funding alternative," Mr. Atkins said, "when, in fact, it is a ripper bill designed to personally punish and prevent our office from auditing state government."

Mr. Atkins said he doubts if the question would have been raised had the auditor's office not investigated the warehouse and library leases and personal service contracts.

"We are going to fight for the integrity of our office and its independent voice for the taxpayers. I don't think the legislature or the fair and honest people of Kentucky will stand for this attempt to diminish the accountability of state tax dollars."
