Making a long stors work, (they must or you aware une, make was creap) the young thing assured me they dut the certified check and slick into the morning mail and I'd have same before the next edition of The Mercury. Gosh, an I glad I haven't been waiting around for that swimming pool page to materialize, but I'm glad'er still that I had presence of mind to ask

recruise. Except for those good customers who have accounts with us, all classified advertising, those little yard sales and card of thanks and other notices are cash on the old drum head. We may not have as much classified

Many thanks, anyway

A voice over the telephone Monday evening prompted my better half to
say, I'd better lay tou like to Warren. Well, if I understood correctly, the
voice said he had a mess of live channel cats, and would I care for same?
Well, I wort be esting channel cat infanily because I delivate see hor I could
handle the cleaning chore, the holdisty (July 4th), the hairtone production
Treaday, and every thing eithe that gree into getting thing sake put to bed.
But, thobert, thank you for thinking of me, I's been at least 30 years shore!
skinned a cat and I much prefer that method of cleaning to trabling with

Sensing the news/

Labor bill needs changing

The extended debate in the Seriants on the labor bill — S. 347 — reflects the strendous public concern about the impact of this legislation. The bill is styled the Labor Reform. The bill is styled the Labor Reform.

would make it difficult for employers to oppose a union takeover of their plants. The poor union showing has been amply documented. In 1977, unions lost more National Labor Relations Board-

Companies also would have to provide a forum for union organizers — all at company expense. The NLRB would be given the power to impose wage increases on employees who alleged!

Companies also would be subject to huge penalities if NLRB officials decided that they weren't bargaining in goof faith. As The Washington Peal pointed out, one may be accorded that they are the pointed out, one may be accorded to the bill—would put the government in the that are deemed violators of labor laws.

does nothing to protect workers runn in the control of the control

more National Labor Relations Board-supervised elections than they won-for the third straight year. The union hierarchy, having falled so often in certification elections, now believes it can accomplish its goals by push-button unionism. It believes that the labor "reform" bill will provide the instru-ment to organize plants across the country.

reform's I'll uil provide the instruc-rent to organize plants across the country.

Among its other pervisions, S. 2014

Among its other pervisions, S. 2014

Among its other pervisions of the prevision for hearings would be eliminated. Employers would be forced to subsidize union activity by employees applying for the time to bear union.

Companies also would have to pro-tide a forum for union organizers — 100.

Companies also would have to pro-tide a forum for union organizers — 100.
