Preparedness officials to redesign
FRANKFORT — Kentucky Disaster Preparedness officials have expressed approval of President Carter's proposal to reorganize the federal emergency preparedness and response program. In a letter to Kentucky Senator Walter D. Huddleston, who has served as a senior advisor to the Presidential reorganization task force, Maj. Gen. Billy G. Weisman, Kentucky's Adjutant General, said that Kentucky is con-

tinued to be in favor of the reorganization. Under the plan, which is now being studied by Congress, all emergency preparedness and response activities within the federal government would be consolidated into a single agency. Currently, most functions are split among three primary agencies, while many other functions are split through various units of government.

Dodgers get one hit shut-out in Babe Ruth action

The Giants were the victors in a tough game against the Dodgers Tuesday night. Hitting seemed to be the difference in the two teams as the Dodgers got only three hits off Barry Bretz and Tony Howard, the Giants pitchers. Howard set the tone. The Dodgers hit came from Kirk Mattox, Mark Taylor and Danny Howard. Mike Woodley was the losing pitcher. He allowed 14 hits from: Barry Bretz (1), Dean Hinton (4), Tony Howard (1), Ronnie Sadler, Mike Webb (1), Steve Hamilton and Mark Lyman. The final score was 13-0. The Senators assured their second half season first place by soundly beating the A's 5-0. Newly hired got a win and Mike Boykin a loss. The A's got seven hits from Darrell Paulcooper, Mike Curtis, Eddie McNeill (3), Ken Baker and Steve Mysner. Errors hurt the A's as the Senators got only ten hits for their 24 runs. These hits came from Donald Markland (1), Shorby Duncan, Newby Reid, Frank Hatfield, Timmy

Brewy, Troy Bassell (3), and Mike Fryman. Walks played a big part in the Senators performance allowing that 19 of their batters walked and field walked. Frank T. Hatfield made the only hit for the losing team and Mattos walked only three men. A string of five pitchers tried to help the Senators out of trouble and Steve Fryman got the loss. Every starting man on the Dodgers lineup got a hit: Mike Woodley, Donald Small, Kirk Mattox, Todd Allison (1), Danny Sosby (1), Mike Howard (1), Robert Howard, Randy Howard, (1) and Timmy Withrow (1).

Vets can receive \$\$\$
Money is always a big factor in getting an education but Kentucky veterans of the Vietnam Era can get some assistance while taking training or going to college under the GI Bill. Mrs. Mary G. Sanders, VA regional office director in Louisville, says, "About half of the state's veterans of this period have taken some training using their benefits. Mrs. Sanders said. At this time the assistance amounts of \$311 per month for a single veteran and more for those with dependents. Realizing that it would be difficult for a veteran going to college to meet all of his living expenses with GI Bill benefits, laws have been passed allowing veterans to get auxiliary funds through the VA's work-study program. Veterans who do not have part-time jobs or other sources of income may apply for the program. Under the provisions a student may work a maximum of 190 hours in a fiscal year at \$2.66 an hour. The applicant must be a full-time assistance amounts of 30 percent service connected disability have preference for the available funds. Complete information on the work-study program, which can be carried out at VA facilities, colleges and other locations may be obtained from school representatives, service organizations and the Veterans Administration.
