Steps taken to implement new litter assessment law

FRANKFORT — Revenue Commissioner Maurice P. Carpenter announced today that the Department of Revenue has taken initial steps toward implementation of the litter assessment law enacted by the 1978 General Assembly.

Funds from the new assessment are earmarked for use by the Department for Natural Resources and Environmental Protection in combating litter throughout Kentucky. The assessment, which is three cents for each $100 (three one-hundredths of one percent) on receipts from sales of "covered items," is expected to produce about $2 million annually, Mr. Carpenter said.

Covered items include newspapers, magazines, auto and truck tires (except recaps and retreads), and any and all personal property which is packaged, wrapped or contained in glass containers, metal containers of less than 55 gallons, plastic, paper or other fiber containers, according to the commissioner.

Mr. Carpenter said the assessment is effective June 17. It applies to sales by manufacturers, processors and wholesalers of covered items to Kentucky retailers for resale to consumers. The assessment also applies to manufacturer-processor receipts from sales of covered items directly to Kentucky consumers. The assessment is not paid by retailers.

Although Mr. Carpenter expects that fewer than 5,000 businesses will be subject to the assessment, he said that a general information letter was mailed last week to about 40,000 businesses to insure complete coverage. Mr. Carpenter said that anyone not liable for the assessment should disregard the information letter. Those liable for the assessment should promptly complete the identification statement contained in the information letter and mail it back to the Department of Revenue, he said.

Nicholas County sheriff J. W. Ecton reported several accidents that occurred in the county last week. On Thursday Charles McWhorter of Route 3, Carlisle, pulled out in front of Randy P. McBride of Mt. Olivet who was driving a 1974 Ford. Mr. McBride's car received damages on the left front side and McWhorter's car, a 1973 Chevrolet pickup, was damaged at the rear panel and bumper. There were no injuries.

Friday three accidents happened between 2:45 p.m. and 3:30 p.m. Maxine T. Ecklar of Millersburg received damages to her 1973 Chevrolet as the result of a hit and run incident. There were no injuries but major damage was done to the back of the Chevrolet.

At 3 p.m. Friday, Johnny Dale of Route 4, Carlisle, totaled his 1976 Chevrolet when it hit a bank and turned over in the road just below Bowles Grocery. Mr. Dale and his brother were the only passengers and neither were injured.

Also on Friday at 3:30 p.m., a concrete truck, manned by Eddie J. Helton of Salt Lick, was allegedly ran off Highway 32 by a 1969 or 1970 Buick. The truck owned by All Points Construction of Lexington went onto the shoulder of the road, after meeting the car and then turned over in the creek. There were no injuries reported.

Joyce Cox of Route 1, Ewing damaged her 1976 Pontiac Sunday when she lost control while driving on Marsh Station Road (32). Mrs. Cox went through a fence and over a bank on the Glenn Booth property but was not injured.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.
