You'll find a lot of things to do in the first 11 days of the month. You'll find a lot of things to do in the first 11 days of the month. You'll find a lot of things to do in the first 11 days of the month.

WHO WAS THAT LADY?

Born in the mid-nineteenth century, this woman was known to everyone by her endearing nickname. She was a labor agent who seemed to appear miraculously wherever and whenever there was a strike. She led oppressed Colorado copper miners in their strike and organized the women in Pennsylvania to prevent a coal strike. She was known for taking their husbands' jobs. Before she died, she had a large group of children who had been adopted and marched them over 140 miles to plead the writ of habeas corpus with Theodore Roosevelt. Her name has become synonymous with rights for American workers. Who was that lady? Mother Jones.
