Hawkins completes course

Fort Hood, Texas — Sgt. Danny T. Hawkins, son of Mr. and Mrs. James M. Hawkins, Route 1, Carlisle recently completed a basic noncommissioned officer course at Fort Hood, Texas. During the course, students received instruction in skill development techniques and military occupational specialty subjects.

Hawkins entered the Army in May 1972.

He is a 1971 graduate of Bourbon County High School, Paris.

His wife, Cindy, is with him at the fort.

Kentucky Reflections

Continued from page 2

affected substantially if the shift to coal is slowed.

Oil industry officials are reported to bristle at the term "glut" particularly since, during the debate over the gas bill, they have maintained that without higher prices the nation would face a some liquified natural gas projects, and the shortage of coal cars of which the coal producers complain could be ation."

Thanks primarily to its coal severance tax, Kentucky's governmental revenues have bucked the national trends of falling state receipts. Perhaps the new technologies will increase coal production in Kentucky to offset a possible moderation in demand for its coal.

In any event, the changing face of the energy situation could presage a lessened dependence on Near Eastern oil, a reassuring prospect.

Agree or not

Continued from page 2

The coal car shortage isn't as serious as some in the industry would have you believe, although there has been a shortage. If a coal company doesn't get cars today that it ordered, the order will be repeated for tomorrow, thus showing double demand for the same cars.

Some knowledgeable people in the industry say that if L & N had supplied all of the requests for hopper cars, and if its locomotives had moved the coal, there would be a surplus of coal on the market and mines would be shutting down awaiting orders.

There is a legitimate complaint about service, and there is some legitimacy to L & N seeking a rate increase. The solution seems to be to strike a happy medium, but that isn't easy in this scheme of human nature.

The Nicholas County Community Committee met Monday, Nov. 6, to complete the election slate for the 1978 community committee election. The election will be held Dec. 4, 1978 and will be followed by a county convention where the Community Committeemen elected will fill the vacancy on the County Committee and determine who will be chairman and vice-chairman of the County Committee.

Pictured from left to right: Parks Stone, Roland Boyd, Kenneth Stephenson, R. M. Hildreth, Harold Letton, Bobby Webb, and Bobby Brady, [Standing] Clay Mann, E. V. Delaney, James N. Wood, and Carl Letcher, [Steated]. Community Committeemen not present were S. S. Lyons Jr., Reese W. Smoot, and Lovell Hollard. County Committee members present, but not pictured: Eugene Letcher, Chairman, and Matthew Kennedy, Vice-Chairman. — Photo submitted.

The Happy Gardener

BUYING HOUSEPLANTS

This is the time of year to take stock of the houseplants we already have and start planning for an expansion of our indoor gardens. No matter which plants you decide to add to your collection, there are some simple, but important, rules to making your greenery feel at home.

Repot a plant as soon as you bring it home from the garden or plant store. Even if you return it to the same pot, you should make sure the plant is in tiptop health. Examine the root growth and make sure roots are not too crowded in their present size pot, nor too overwhelmed by an oversize pot. Check for any moving creatures in the soil. Change the soil, as mixtures designed for greenhouse-grown plants are generally too rich for home growing. Soil should be completely removed from the roots of the plants by rinsing them in lukewarm water then repotted in standard potting mixture. Scrub out the plant store's pot if you plan to return your new plant to it just to be sure it's free of bacteria and/or pest eggs.

Fertilize foliage plants as soon as they are repotted and the best kind for indoor plants is one high in nitrate. That means the first number on the fer tilizer bottle or package should be highest. Before fertilizing a repotted plant, make sure to wate it thoroughly.

46. Dicken's character
49. Permit
51. Beak
53. Music note

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off the list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.

HOCKEY'S IN Sol.: 10 letters

CLUES

B—Block, Box; C—Captain, Center, Checks, Coach, Contact; D—Defeat, Defense; F—Finals; G—Games, Goalie; I—Ice; L—League; M—Match; N—Net; P—Padding, Penalty, Periods, Players, Points, Pressure; Puck; Q—Quarter; R—Records, Referee, Roster; S—Score, Season, Shot, Skates, Speed, Stars, Stick; T—Tactics, Team, Tough; W—Winners
