News briefly

NCHS Homecoming is Nov. 3

The Nicholas County High School Football homecoming has been scheduled for Friday, Nov. 3. Nicholas County will meet Fleming County on Nicholas County turf.

Local child hit in Millersburg

A small child was seriously injured early Saturday evening when he ran in front of a car traveling south on Main Street in Millersburg.

Terry Jolly Jr., 6, of Carlisle, was walking with his grandmother when he reportedly pulled away from her and ran into the path of a car driven by Stephen H. Pearce of Lexington.

Jolly, son of Mr. and Mrs. Terry Jolly of Carlisle, was taken to the Bourbon County Hospital for emergency treatment and then was transferred to St. Joseph Hospital in Lexington where is listed in satisfactory condition today. He was treated for head and internal injuries.

Millersburg Police Chief Alton Banks said a witness stated the child ran directly in front of the car and the driver of the car could not have avoided striking him.

Schools pass fire inspection

A representative of the state fire marshal's office inspected Nicholas County schools Oct. 4 and was able to come up with only one recommendation for improvements.

Supt. Don Elder said the schools were found to meet all safety standards except for one small provision concerning the emergency lighting system. Elder said that situation was corrected shortly after the report was received, leaving the schools in complete compliance with all state safety standards.

Richardson takes part in maneuvers

Pvt. Emery A. Richardson, son of Mr. and Mrs. Emery Richardson Jr., Route 4, Cynthiana is participating with other American and allied troops in REFORGER 78, NATO's largest yearly exercise, held in Germany.

More than 11,000 soldiers were flown to Germany and some 37,000 tons of equipment and supplies have been shipped from the U. S. for the massive exercise.

REFORGER (Return of Forces to Germany) results from a 1967 agreement between the U.S., United Kingdom and the Federal Republic of Germany. The U. S. agreed to return stateside-based forces to Germany each year for exercises to demonstrate allied solidarity.

The entire exercise emphasizes the orderly deployment of forces and streamed deployment procedures and techniques.

Richardson is regularly assigned as a mechanic with the 3rd Armored Division in Frankfurt, Germany.

He entered the Army in January 1978.

Richardson is a 1974 graduate of Nicholas County High School, Carlisle.

'THIEF IN THE NIGHT'

A film entitled "Thief in the Night", sponsored by the Fisherman's class will be shown Sunday, Oct. 29, at 8 p.m. at the First Christian Church. The film is about the second coming of Christ.

The public is invited to attend.

Kentucky Reflections

attention to those better students who can use such attention most profitably.

Some view it as ironic that the compulsory attendance law also has required so much time and effort be devoted to students who care little about the educational opportunities offered to them. The compelled attendance of students such as these has made more difficult the tasks of the public schools, probably to a higher degree than in the private sector.

The Church-State issue, which has a long and complicated history, looks as if it may be about to receive further appellate consideration.

Taxed to death?

Continued from page 2

cities, in "leisure services" departments in municipalities and in the array of paid consultants at all levels of government.

The foes of Proposition 13 complain of a "meat axe" approach to spending. Well, the time has come for drastic surgery on government budgets, if you listen to the foes of tax limitation, every item in every public budget is sacred and represents a major public or human need. That's simply not true.

The colossal spending that the tax payers resent is fuel for the bureaucracy. The bureaucrats get their good life by taking from the taxpayers. They will fight against losing their privileged position in America today.

Unfortunately for the entrenched bureaucrats, the taxpayers have decided that they won't live in serfdom any longer. They have demonstrated in California that they can get their way. They know that essential public services can be maintained on cost-effective budgets while the excessive spending is eliminated.

We are witnessing a great awakening.

Blood donors fail to show; local quota starts behind

The bloodmobile visit Monday fell far short of expectations. Of the 180 people who agreed to donate, 101 showed, short of the more than 200 that usually give. The goal for this visit had been set at 110 pints but only 76 pints were obtained. Twenty-five of the 101 who came to donate were deferred for one reason or another.

The next regular bloodmobile visit will be in March. The bloodmobile will visit Blue Grass Industries in January.

Would You Believe..

Bats actually fly by radar, emitting high-pitched sounds from their throats and picking up the echoes with their super-sensitive ears.

* * *

New York City has an average annual rainfall of 43 inches, London has only 25 and Los Angeles about 15. But Cherrapungi, India, has an annual downpour of 432 inches, or 36 feet.

Her sobriquet was "The Bandit Queen" and she lived up to that title until a bushwhacker's shotgun mowed her down. Born in 1848, she lived a life of wild derring-do among the West's most outrageous outlaws, among them Jesse James' closest cohort, Cole Younger, whom she married, and bore a daughter at the age of 18. A gutsy eccentric who was wont to wear fringed buckskins and an enormous gunbelt stuffed with several six-shooters, she had her own band of bandits who were widely feared as bootleggers, horse thieves and cattle rustlers. Who was that lady? Belle Starr.

WINTER CARE FOR INDOOR PLANTS

Here are some reminders on the best care for potted plants during winter months.

The dracaena does best in indirect or filtered light, an average temperature of about 60 degrees F., average humidity (mist weekly), and kept evenly moist at all times. Dumb cane, or dieffenbachia, will thrive right next to the dracaena plants in filtered sun conditions. They prefer a bit warmer temperatures than their neighbors and not quite as fussy about humidity. Water when soil has become completely dry.

Ivies and philodendrons are generally undemanding about sunlight and will tolerate, even thrive, in conditions ranging from filtered light to indirect sun. An average household temperature is fine for their growth, although many of the standard English ivies prefer the air somewhat cool. High humidity is not essential; keep them away from indoor heating outlets. They like thorough waterings over long intervals during which the soil dries out almost completely.

The popular philodendron is one of the easiest of all plants to care for. It will thrive in the most minimal light; its temperature and humidity requirements are those provided by normal indoor conditions; and it needs waterings only when the surface soil has become dry.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find those words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off the list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first: When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.

NICHOLAS CIRCUIT COURT

Civil Action 78-CI-00169

THE DEPOSIT BANK OF CARLISLE, KENTUCKY

PLAINTIFF

VS: NOTICE OF SALE

JAMES TINCHER and ELIZABETH TINCHER, his wife

DEFENDANTS

* * * * * *

By virtue of a Judgment and Order of Sale of the Nicholas Circuit Court entered on the 8th day of September, 1978, in the above styled action, the undersigned Master Commissioner of said Court will on the 28th day of October, 1978, at the hour of 10:30 a.m. at the front door of the Nicholas County Courthouse in Carlisle, Kentucky, offer for sale to the highest and best bidder the following described property:

A certain tract of land lying on Short Stoney Creek Road in Nicholas County, Kentucky (more particularly described in Deed Dated April 7, 1977, of record in Deed Book 70, Page 621 of the Nicholas Circuit Court Clerk's Office), containing 62.273 acres.

Being the same property conveyed to James Tincher and Elizabeth H. Tincher, husband and wife, by Luther Tincher and wife, by deed dated April 7, 1977, and of record in Deed Book 70, Page 621 of the Nicholas Circuit Clerk's Office.

The above described property shall be sold for a down payment of twenty (20%) per cent of the sale price, with payment of the balance being due in sixty (60) days after the sale date. The purchaser shall be required to execute bond for said deferred payment, payable to the Master Commissioner, with surety to be approved by said Commissioner.

Said Bond shall bear interest at the rate of eight (8%) per cent per annum from the date of sale until paid, same to have the force and effect of a judgment lien upon which execution may issue if same is not paid at maturity, and as further security for the purchase price, the Master Commissioner will retain a lien against the real estate until the bond is paid.

Privilege is given the purchaser to pay the purchase price in cash without executing bonds, or to pay the purchase money at any time before maturity.

Taxes on the above described property for the years 1977 and 1978 shall be paid by the purchaser. The Master Commissioner's Report of Sale shall be filed immediately thereafter, and said Report shall be held over for ten (10) days for confirmation or exceptions. Anyone desiring to object or except to the sale will do so by that time or be forever barred.
