The accident occurred in a building on Main Street belonging to Licha Parah. Stone broke a vertebra in his lower back and was hospitalized until this past Tuesday, April 3. Doctors estimate it will be six to eight weeks before he will be able to resume physical labor but Mrs. Stone said he will be up and around sometime in the next two to three weeks. Stone recently retired as manager of the Carlisle KU office. He and his wife operate Glenn's Stores and Appliances in Carlisle and he also works as an electrical contractor.

**THE CARING CORNER**

John 12:47 "I came, not to judge the world but to save the world."

While working as a chaplain at the U. K. Medical Center one night a 15 year old female was brought in to the emergency room near death from an overdose of narcotics. The doctor worked feverishly and as he struggled to keep her breathing, he pleaded with the girl's friends to tell him what drug she had taken and when. He said: "Look if you use drugs, that's your choice. I'm not a cop. But don't wait until the last minute before you bring someone to me. I'm trying to save lives."

On this Palm Sunday let's remember that Jesus came to help everyone and to give salvation to anyone. Do you know of someone who is putting off a decision? Share with them today the good news that Jesus brings. Don't wait until the last minute. The girl died and I had to tell her family. Join us this Sunday in caring. **FIRST CHRISTIAN CHURCH** Sunday School 9:45 Worship 10:45
