MCC conducting services survey

Maysville Community College is currently conducting an institutional self-study examining the effectiveness of the college's programs and services. The study, when completed, will be forwarded to the Southern Association of Colleges and Schools and will provide data for an on-site evaluation of the college for purposes of accreditation.

MCC is fully accredited by the association in the same manner that UK, MSU, and other institutions of higher education are accredited. The college initially received certification in 1969-70. This activity will reaffirm the college's accreditation.

In order to determine community reaction to the college's programs and services, a telephone survey will shortly be undertaken. A random sample of residents living in Bracken, Fleming, Lewis, Mason, Nicholas, and Robertson counties in Kentucky and Adams and Brown counties in Ohio will be called and asked to participate by answering a few questions about MCC. Names of those responding will not be recorded in the study, but responses to the questions will be coded and computerized to provide data for analysis. Those contacted by telephone are urged to assist the college in finding out about its effectiveness.

THE CARING CORNER*

John 3:16 "For God so loved the world, that He gave His only begotten son."

Did you hear about the woman who in the Christmas rush purchased 50 greeting cards without looking at the message inside? She signed and addressed all but one, and then dropped them in a mailbox. The verse on the inside was completely overlooked. Can you imagine her dismay when a few days later she glanced at the one unmailed card and read these words: "This card is just to say, a little gift is on the way."

That gift was never received by anyone and 49 families were wondering what had happened to their presents? During this special season, as we commemorate the birth of Christ, let us thank God that he meant what he said. He not only promised us the greatest gift; He also gave Him to us. Does God's greatest gift arouse your deepest gratitude?

Join us this Sunday evening for the U.K. Brass Choir musical presentation at 7:30.

NEXT WEEK'S HOROSCOPE

By Clay Pullen

FOR WEEK BEGINNING MONDAY, DEC. 10, 1979
If your birthdate occurs this week...
you must pin yourself down to the realities of life in order to attain your greatest happiness. The romantic side of your nature needs watching.

Aries Mar. 21 - Apr. 19 Pluto
Negative aspects prevail this week, difficult for maintaining concord with loved ones and business associates. Offset these aspects by saying as little as possible, but don't forget to smile.

Taurus Apr. 20 - May 20 Venus
This week's trends call for complete honesty and sincerity. Sometimes it isn't easy to say what has to be said. Don't begin anything new. Postpone important contracts and projects. Steer clear of self-deception.

Gemini May 21 - June 20 Mercury
Romantic affairs may have you baffled now, and you might try to get out of a worsening relationship. You are angered at someone's financial demands. Make plans for changes but keep them a secret.

Cancer June 21 - July 22 Moon
Long-range projects are favored now. Keep lines of communication open and be receptive to others' ideas. Concentrate on special studies and writing. You are on the brink of an important discovery.

Leo July 23 - Aug. 22 Sun
New doors of opportunity open during this period and your image is improved. Display tact and charm, otherwise the atmosphere will become forced. Unexpected success is likely in the money-making field.

Virgo Aug. 23 - Sept. 22 Mercury
Look your best now, for you may be meeting someone who is observant, critical and influential. A good impression may help you get what you want. Activate plans which improve finances. Avoid crowds, traffic.

Libra Sept. 23 - Oct. 22 Venus
The accent is on relationships and new friendships. An encounter with a creative person could open new doors of opportunity. Romance plays a heavy role. A noticeable improvement in health is noted.

Scorpio Oct. 23 - Nov. 21 Mars
Be wary of accepting too much responsibility or making too grandiose promises. A success trend finally. Things misplaced or lost may give rise to harsh words or bad feelings. Clear the air of hard feelings.

Sagittarius Nov. 22 - Dec. 21 Jupiter
Bright aspects bring a new surge of mental drive and push for you. Friendly meetings, encouraging news and nice compliments are likely. Be careful of what you put on paper or commit yourself to verbally.

Capricorn Dec. 22 - Jan. 19 Saturn
Try to be more cooperative with family or associates. Don't expect too much of others. Your natural charm and colorful personality attract new admirers. Scan classified ads. Keep on the move.

Aquarius Jan. 20 - Feb. 18 Uranus
Your good taste and expertise will be in heavy demand. If your work load does not allow you to assist others, refuse their requests tactfully. Do something to stop excessive drainage on your resources.

Pisces Feb. 19 - Mar. 20 Neptune
Keep after your goals and you will attain them. In romantic matters, go slowly and be sensible. A partnership project should move smoothly, happily. There should be welcome news or information.

Keep your brows correctly shaped. Your brows provide a frame for your eyes, so keep them pretty and natural. And always cream eyebrows when cleaning your face. Skin there will get flaky if ignored.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off the list. Circling it with snow a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.

OUR TREES — Sol.: 11 letters

WHO WAS THAT LADY?

This woman who was half Creek Indian married a man who was sent to Georgia to make peace with the Creeks and helped him run a farm and trade station there. She proved a great help to James Oglethorpe, who founded Georgia in 1733, in establishing friendly relations with the Indians, as she became his interpreter and aide. The Creeks' loyalty to England during this period is largely attributed to her efforts—and Oglethorpe was so thankful to her when he left the colony in 1743 that he made her a wealthy woman. Who was that lady?—Mary Musgrove

CHRISTMAS CARGO — Not too early to start wrapping for mailing! An ideal packing material for fragile cargo can be made by cutting up pieces of those plastic egg cartons from the supermarket. A real lightweight!

SALTY SOAK — Did you know table salt is a fine way to rid your pans of burned-on food? Fill pan with cold water and one cup salt and let stand overnight. Next day bring to a boil and boil 5 to 10 minutes, allow to cool, then scrub again.

PICTURE PERFECT — Giving homemade jam and jelly as Christmas gifts this year? Then leaf through your old seed catalogs, cut out pictures of fruit and use to decorate the jars or the paper wrapping. Looks good enough to eat.

LIGHT UP YOUR LIFE — Many agree that twinkle tree lights are the most festive, but did you know that they use only half as much electricity as the standard tree bulbs?

GOOD TO LAST DROP — Just as true about toothpaste as coffee. Run the handle of your toothbrush up the almost empty tube, starting at the bottom, and you'll get enough paste for more brushings.

MIX NOW, BAKE LATER — A timesaver for the holidays ahead. Place refrigerator cookie dough in well-greased soup or juice cans and store in freezer until you need them. Then cut off bottom of can, push dough out, slice and bake.

HOLIDAY SPIRITS — They'll love your wine jelly! Bring 2 cups sherry wine and 3½ cups sugar to a rolling boil. Add ½ bottle of pectin, stirring constantly until mixture comes to full boil. Boil ½ minute. Remove from heat and skim. Add ½ cup bourbon, fill sterile jars and seal with paraffin.
