Time is right for soil samples
from Nicholas County
With the snow that arrived last week, we may find it hard to believe that spring is not a long way off.

Coming up this week the Farm Machinery Show will be going on at Louisville from the 14th to the 17th. I always enjoy looking at all of the new equipment that is displayed. Last year there was so much to see it was nearly impossible to see it all in one afternoon.

Sign-up for peppers are being taken at the Extension Office. The price has increased this year for the red bell peppers. They are going to bring \$1.00 a ton. This is up \$1.00 on the ton and there isn't that much time difference between the No. 1.

The Carling Corner
The Lord has given and the Lord has taken away, blessed be the name of the Lord.
One of the biggest causes of family fights in Carlisle is that one party has his or her "rights" violated. Their "right" to privacy and spend money, choose friends, express personal opinions, and control the use of personal belongings.

What would happen if we gave our "rights" (and responsibilities) to God? God would assume total responsibility to protect our money, friends, clothes, etc. If God then chose to return one of our "rights," we would consider it a privilege. It would be a privilege given to us "one" and that we would not want to miss. God, after all, isn't everything we have and can do a privilege? Don't let things originate from God.
