### Working couples' tax rate sometimes leaves them in hole

Working couples, especially those with few or no dependents, more often than not will owe tax when they file their annual tax return, unless they have paid additional taxes during the year, the Internal Revenue Service said.

For example, the highest tax rate applicable to a couple filing a joint return with only one wage earner reaching \$20,000 is up to 32 percent. The withholding would be adequate. But a

## W & W to show Angus

W & W Cattle Company of Carlisle has entered as a participant in the 1979 All American Angus Futurity, to be held in Louisville, Kentucky, July 19-21. The announcement was made by Futurity Manager Joe Bill Meier this week and he noted that W & W Cattle Company's entries will join others from throughout the United States in the Angus Futurity.

According to Meier, W & W Cattle Company's entries rank among some of the finest in the country and all animals participating in the event represent the best in Angus bloodlines. Now entering its 22nd consecutive year of operation, the All American Angus Futurity has a total premium purse of \$30,000. Of that amount \$2,500 is awarded to the Grand

## Hurricanes renamed due to women's group pressure

By Joy Achenbach  
**National Geographic News Service**  
When hurricanes began this season, weathermen will forecast the force and fury of Bob instead of Barbara, Frederic rather than Franey, Joan not Judy, and Larry in place of Lana.

Double the Time  
"But it turns out that this wobbly word of the island were there by itself. When you include nearby Fort Myers Beach and the surrounding county on the west coast of the nation," he explained, "our study tells us that it will take 20 hours to evacuate the whole area. That's essentially double the evacuation time allowed—and that's if nothing goes wrong."

use of public funds for construction of roads to previously undeveloped barrier islands, except where "an overwhelming public interest can be demonstrated..." Georgia is considering a similar provision.

Devastating hurricanes, like Iretz which battered the Miami coast 14 years ago, have occurred more than 200 times in this century. Statistically, it's about one every 10 years.

### a community prospers

...when the people who live in it are prospering

...and people prosper when money is turning over

...and over... in the community in which they live

The prosperity of every community like ours is seriously inhibited by the City shopping habits of many of its people. Trading at home helps everybody in a community, including those who don't.

These cost figures should be considered as "averages" or guidelines for conventional production practices. The amount of hired labor used varied considerably among farms.
