THE CARLING CORNER

"The fool has said in his heart, there is no God."
Psalms 111
According to a recent news item, Mathias of Har is trying to have the motto "In God We Trust" removed from currency. How many people become angry with his efforts. My question is "Why is Mathias fighting against someone who the way don't even exist?"
She details her own efforts by dropping him because she is unwilling to surrender to this rightless cause. She cannot find God for the same reason that a thief cannot find a policeman.
But there is a God, because he has ordained himself to the person of his Son. His aim is to present the reality of knowing God through faith in Christ.
