

**New SS program**

This program pays money to people who don't own much property and don't have much money coming in. People who are 65 or older, or blind, or disabled can get these payments even if they never worked under Social Security. Even disabled children may qualify. The monthly Federal payment starting July 1977 can be up to \$138.40 for one person or up to \$264.10 for a couple. The amount depends on how much money is coming in.

The people in any Social Security office can tell you more about this program.

WASHINGTON — In case you've been wondering about pistachio nuts, the word is that there may not be as many to snack on for a while.

Pistachio nuts are the latest victims of political upheaval — specifically in Iran, the main supplier of pistachios to America.

WASHINGTON — In case you've been wondering about pistachio nuts, the word is that there may not be as many to snack on for a while.
