Nuclear witnesses are sought

For over a year the Department of Defense has been attempting to identify former military and civilian Defense personnel who participated in the atmospheric nuclear tests conducted from 1945 to 1962. The Defense Nuclear Agency is the Executive Agent for this program.

If you participated in these tests, which were held largely in Nevada and at Bikini and Eniwetok atolls in the Pacific, you are urged to contact the Defense Nuclear Agency if you have not done so in 1978-1979.

The Defense Nuclear Agency is attempting to reconstruct a complete history of the atmospheric nuclear test program, including names of participants and any radiation doses they received. One of the purposes of this effort is to enable the National Academy of Sciences and other scientific organizations to determine if there are health hazards resulting from participation in the tests.

Based upon research to date, it is believed that radiation exposures were low. While medical science has no proof that exposure to radiation doses as low as these is hazardous to health, it is generally assumed by scientists that even low levels of exposure carry some slight risk. There is, however, some disagreement within the scientific community about the magnitude of this risk.

If you were a participant in the atmospheric nuclear tests program, and you have not already done so, you are urged to contact the Defense Nuclear Agency at toll-free number 800-236-3063 in continental United States; from Virginia, outside the Washington, D.C. area, call toll-free 800-572-6865; from Alaska or Virginia in the Washington, D.C. area) call 202-274-9101 (collect, if long distance); from Hawaii call collect 808-422-9213. Or write to Defense Nuclear Agency, Washington, D.C. 20306.

If you are concerned that your possible exposure may have adversely affected your health, you are urged either to consult your doctor or, if you are a former serviceman, to contact the nearest Veterans Administration Hospital, where you may obtain a physical examination at Government expense.

Assembly elects leaders

Leadership of the 1980 General Assembly was selected last week by party caucus at Kentucky Dam Village State Resort Park.

Legislators attended a pre-session conference at the state resort park last week.

Speaker of the House is again Rep. William Kenton (D-Dexington). The new speaker pro-tem is Rep. Hank Hancock (D-Frankfort).

Kenton is the first legislator to be elected three times as speaker. He has served under two governors.

President Pro-Tem of the Senate is Joseph Prather (D-Vine Grove), who previously held that position. The new assistant pro-tem is Joe Wright (D-Harrod).

These selections must be approved by the full membership of their respective houses when the legislature convenes in January.

Other leadership positions filled today which are selected by caucus only are: Senate-Democratic floor leader, John Berry (D-New Castle); Republican floor leader, Eugene Stuart (B-Louisville); Democratic caucus chairman, David Karem (D-Louisville); Republican caucus chairman, Walter Baker (R-Glasgow); Democratic whip, Lowell Hatcher (D-Kohlenstein); Republican whip, Clyde Middleton (R-Covington).

House-Democratic floor leader, Bob Richardson (D-Glasgow); Republican floor leader, Art Schmidt (R-Cold Springs); Democratic caucus chairman, William Dornemeyer (D-Bellefonte); Republican caucus chairman, Herman Rutliff (R-Campbellville); Democratic whip, Woody May (D-West Liberty); Republican whip, Woody

Allen (R-Morgantown). The leadership of the General Assembly comprises the Legislative Research Commission (LRC), the rules committee and the Committee on Committees. President of the Senate and speaker of the house serve as co-chairman of the LRC.

Burley's Pay Day...

the buck starts here!

In mere seconds, hundreds of pounds of Burley translate to hundreds of dollars in cash.

Within days, it becomes millions, within weeks, hundreds of millions of dollars which flow, through the economy, creating incredible purchasing power.

The more than \$500 million value of Burley produced by Kentucky's growers multiplies (six times in the economy) before it disappears — creating a powerful dollar flow of \$2.5 billion each year in cash.

That's Why Our Concerns Are Your Concerns
