Miller joins Angus group

Clyde Miller of Carlisle has been elected to membership in the American Angus Association, headquartered in St. Joseph, Missouri.

The American Angus Association, with some 38,000 active life and junior members, is the largest beef cattle registry association in the world. Its computerized records include detailed information on nearly 10 million registered Angus.

The Association records ancestral information and keeps records of production on individual animals for its members. These permanent records help members select and mate the best animals in their herds to produce high quality, efficient breeding cattle which are then recorded with the American Angus Association. Most of these registered Angus are used by the U.S. farmers and ranchers who raise high quality beef for U.S. consumption.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these letters in all directions — forwards, backwards, diagonals, backwards. Draw a circle around each letter of a word. Words in this puzzle then strike it off the list. Circling it will show a hidden message. Some letters will be used more than once. After you've found all of another word. Find the big words first. When letters of both words are circled, you'll have the given number of letters left over. Then 1 spell our phrase MAGICWORD.
