The American Spirit Radial Tire

Our Finest Tire! Backed By Our 50,000 Mile Promise!

The American Spirit ARAMID BELTED RADIAL

A major step forward in the evolution of tire design and construction!

Computer-matched tread elements unite with our exclusive new Z-60 tread rubber, a technological breakthrough for maximum service, improved traction on wet pavement, hard-packed snow or ice.

It offers superiority in all desired performance areas— mileage, traction, handling, riding comfort, wear characteristics, fuel economy.

High-speed computerization provided a natural running shape, reducing stress extending tire life.

Aramid, created by DuPont as a replacement for steel in radial tire belts, found-for-ground, five times stronger than steel, means more flexibility, less heat, reduced rolling resistance.

Strong polyester cord body plies further enhance driving enjoyment.

Our technical knowledge and experience gained through years of marketing quality tires, have been combined to produce the finest tire in Western Auto's history.

The American Spirit Radial is truly a tire for the 80's... here today at Western Auto!

'AMERICAN SPIRIT' ARAMID RADIAL TIRE WARRANTY

(APPLIES ONLY TO TIRES SOLD PRIOR TO JULY 1, 1980)

Western Auto Supply Company will replace, without charge, in exchange for tires returned to any Western Auto Store which have within 50,000 miles of normal installation, 100% of original tread depth remaining, or 2/3 tread due to a defect in material or workmanship, or be provided as incidental to a proper portion of the warranty, as warranted by the terms of the warranted portion of the warranty on the tires being replaced.

Tires which have failed due to road hazard without 50,000 miles of normal installation will be exchanged with a pro-rata charge to the customer, based on the regular selling price of the tire for the number of weeks of service rendered.

The tread wearout warranty is void if the tire is used commercially or impaired by mechanical irregularities or improper inflation or balancing.

Tires used on trucks or buses, including pickup trucks and panel trucks, are not covered by this warranty.
