and Conservation Service in Nicholas County.
Measurement service is provided by Agricultural Stabilization and Conservation Service (ASCS) offices as a service to farmers and a nominal fee is charged which offsets the cost to ASCS. Trained ASCs personnel measure the acreage that a farmer wants planted to a particular crop, Mrs. Conner said.

However, any type of measurement a farmer wants can be provided. Accurate acrease measurements can beli onner said.

Anyone interested in making use of the control of the

I can kill the termites in your house. And keep the rest of the termites in your relighbor-hood from taking their place. After treatment, Terminis can guarantee most homes up to \$150,000 against further termite damage.
