Editor's notes

You-can't-win-dept.

Didja hear about the television station manager who was worried about the type of material he was sending over the airwaves?

So he decided to replace the Hollywood fare with either religious programs or classical music?

You guessed it. He started getting letters complaining about all the sects and violins on teevee.

Road signs

Glimpsed on the back of a pickup truck heading into town: "If you knock a farmer don't talk with your *mouth* full."

Monopoly

I win a game of Monopoly every time there's an earthquake in Kentucky but I swear it's not worth it.

You can beat your loved ones at a game of cards and they won't be too upset. But take all their pa**r**ty money and build a hotel on Boardwalk and then see how they really feel about you.

That time again

You just might see some strange faces in the crowd when the NCHS Bluejackets open their season against Fleming County Friday night at home.

Those in the know know this will be one whale of a football game. Meanwhile Coach Pumphrey has deserted his garden and is exhorting his troops. One former quarterback from Paris asked me if Coach Pumphrey was still running the same plays.

Well, I said, it's like the piano, only simpler. There's eight notes on an 88 but you can put 'em together in an infinite number of ways. There's three plays in football and I'd say Coach knows more than one way to put them together.

Should be interesting.

Imports

From Larry Stone's five-second interviews:

It's been so hot here I saw a bird using a potholder to pull a worm out of the ground.

It is so hot and dry the Baptists have taken to sprinkling, the Methodists are using a wet rag and the Episcopalians are handing out rain checks.

It's so hot here gardeners are digging up baked potatoes.

Life's most difficult decision is when to start middle age.

Quickies

World welterweight boxing champion Roberto Duran, relaxing in New York after winning the title from Sugar Ray Leonard, said he played baseball in his native Panama. What position did he play? Duran raised a rock-hard fist: "Any one I wanted."

Judge Famularo attends seminar

Nicholas District Judge G.A. Famularo recently attended and graduated from a Trial Judges Academy held at the University of Virginia School of Law in Charlottesville, Virginia.

The Trial Judges Academy provides the new law-trained judge with the basic knowledge and skills required to properly discharge judicial responsibilities and is a valuable refresher for experienced law-trained judges.

The program uses a variety of instructional techniques to take the participants through the general sequence of a criminal trial from pre-trial issues of search and seizure to sentencing.

Judicial malpractice, ethics, inherent powers and community relations are some of the additional subjects covered in the program.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then shade it off the list. Circling it will show a letter has been used to Each letter may be shared by more than one word, but not part of another word. Find the big words first. When letters of all listed words are circled, you'll have the seven number of letters left over. They'll spell out your MAGICWORD.
