

Nicholas Countians voice concern over USDA's conservation programs

The Nicholas County delegation has voiced strong concern over proposed efforts to reduce the U.S. Department of Agriculture's soil and water conservation programs...

Also in attendance were the different agencies of Nicholas County that work with the people of Nicholas County. The meeting was held under the guidelines established in the Soil and Water Resources Conservation Act...

During the meeting the public commented on several proposed objectives including: soil resources quantity and quality, water quality, water supply and conservation, fish and wildlife habitat, upstream flood damages, energy conservation and production, and related natural resources.
