**Carlisle Automotive**

Who can back up their business with 40,000,000,000 (that's billion!) piece parts inventory? Jim Howard at Carlisle Automotive can. Using the nationwide network of NAPA parts warehouses and a computer terminal linkup Jim can tell you in minutes the part you want is available, where it is and when it'll get here. And that's if he doesn't have the part you want in his fully stocked warehouse. The computer hookup is one of many extras you get when you shop at the sign of NAPA. For your parts needs in Carlisle stop by and see Jim Howard or Tony Fryman. And when they say "We can get it for you," they're not kidding. Orders to NAPA warehouses are filled each 30 minutes for the fastest possible service. Because NAPA knows when you need a part, you need it now. For all your automotive parts needs plus bearing and drum work, stop by Carlisle Automotive.
