Law's Blue Star Garden and Nursery

Charles and Sarah Law have been in the same location on U.S. 68 between Carlsile and Millersburg for more than 30 years and the sight of flowering trees and shrubs is familiar to travelers on that road. The Law's stock more than 150 different varieties of trees and shrubs, including the rare flowering almond and the viburnum carlesii. Law's can design and completely landscape your lawn as well as provide plants and flowers for the inside of your house. Also available are many different kinds of fertilizer, plant food and insecticides. Mrs. Law reports that many people are asking if it is too late to plant but she says it's never too late — unless the ground is frozen. For all your home and garden needs visit Law's Blue Star Garden and Nursery.
