HERBS AND SUBSTITUTES
For those who are interested in using herbs in cooking, here are some suggestions. However, the best way is for YOU to experiment and find the amount suitable to your taste buds.

SAGE - pork, stuffing and meat seasoning, best used whole; little good if dried.
BAKED ONION - Onions, eggs, cream cheese, meats, fowl and most vegetables.
THYME - Cheeses, aspic, roasts, vegetables. This is a stronger herb, use lightly.
PARSLEY - One of my favorites. Use for flavor and garnish - it is a delightful fragrance and can be used with everything, but with restraint.
