## Kay's Kitchen

— By Kay Fisher —

Seems I hit upon a good subject last week with the slow cooker recipes. You have had me busy looking for more recipes. If anyone has any they would like to share, please send them in.

So put the ingredients in your slow cooker and go off to work, shopping or whatever. When you return your dinner will be ready.

**SWISS STEAK**

2 pounds lean round steak (2 inches thick)
1 teaspoon seasoned salt
1/8 teaspoon red hot pepper sauce or black pepper
1 cup sliced carrots
1 cup chopped celery
1 large onion, chopped
1 tablespoon browning and seasoning sauce
1 16-ounce can tomatoes, cut up

Place all ingredients in slow cooker in order given. Cover and cook on High for 5 hours, or on Low for about 8 hours, or until tender. If desired thicken sauce with flour dissolved in a small amount of water. Makes 8 servings.

*****

**THREE BEANS IN A POT**

1 cup dry red beans
1 cup small dry white beans
1 cup small lima beans
6 cups water
1 cup chopped onion
1 cup sliced celery
1 cup shredded carrot
1 clove garlic, minced
½ pound chopped ham or lean bacon
1 tablespoon seasoned salt
¼ teaspoon red hot pepper sauce
1 teaspoon dry mustard
1 tablespoon dark brown sugar
2 tablespoons red wine vinegar

Wash beans and soak overnight in the 6 cups water in slow cooker. Next day, add remaining ingredients, cover and cook on High for about 6 hours or on Low for 8 to 10 hours, or until beans are tender. Adjust seasonings. Makes 8 generous servings.

*****

**COUNTRY STYLE BEEF RIBS**

4 pounds lean beef short ribs
4 medium potatoes, peeled and quartered
4 large carrots, peeled and quartered
1 onion, chopped
2 tablespoons wine vinegar
1 tablespoon horseradish
1 tablespoon browning and seasoning sauce
1 tablespoon dijon mustard
2 tablespoons catsup
1 cup beef bouillon
1 teaspoon salt
¼ teaspoon red hot pepper sauce

Place short ribs, potatoes, carrots and onion in slow cooker. Combine vinegar, horseradish, browning sauce, mustard, catsup, bouillon, salt and pepper sauce. Pour over all. Cover. Cook on High for 5 hours, or on Low for 6 to 8 hours, or until short ribs are tender. If desired, thicken sauce with flour dissolved in water. Adjust seasonings. Makes 8 servings.

Last year Steve grew 3,000 pounds of tobacco and 19 cows and calves along with 168 rolls of hay and 1,600 bales. He is currently president of the NCHS Future Farmers of America and won the **Courier-Journal** contest in 1979 and 1980. — Photo by Janie Duncan.

# ASCS receiving program reports

The ASCS Office is currently receiving reports for the **1980 Feed Grain and Wheat Program.** There is no set-aside requirement and all farms who file an accurate acreage report will be eligible for price support, disaster and deficiency payments. Fall seeded crops, such as wheat, barley, oats and rye, that are to be used for grain must be reported by June 1, 1980. Corn and other land uses should be reported by July 15, 1980. Reports should be as accurate as possible.

ASCS offers an **Emergency Feed Program** to assist livestock producers with their feed needs if growing conditions are not favorable in 1980. To be eligible for assistance producers must have suffered a substantial loss in the amount normally produced, have insufficient feed for the period of the disaster, and must purchase larger-than-normal quantities of feed.

ASCS offers a relatively new practice under the ACP program. This practice is **Conservation Tillage.** Conservation tillage is a system that leaves protective amounts of residue mulch on the surface of the soil throughout the year. It can reduce erosion to almost nothing, while keeping operating costs down at the same time.

ASCS has a definite responsibility to cost-share with farmers for those measures which are the most cost-effective and at the same time are the most conservation-effective.

Farmers should contact the local office for further information on the above programs.
