Spec. Four Tammy McClanahan receives Commendation medal

Specialist Four Tammy D. McClanahan, photojournalist for the Ranger Newspaper at Fort Lewis, Washington recently returned from an assignment in Puerto Rico. She accompanied the 2/75th Ranger Battalion and reported on their missions and participation in Joint Readiness Exercise Universal

Trek. This exercise involved Army, Air Force, Navy and Marine troops.

McClanahan also received an Impacted Army Commendation Medal and a Certificate of Achievement from Fort Lewis Commanding General Major General Howard F. Stone, for writing, producing and distributing a newsletter/newspaper to civilian and military personnel during search and rescue efforts following the May 18 eruption of Mt. St. Helens.

The Specialist will be completing her three-year Army obligation this month and will be joining the 304th Public Information Detachment at Fort Lawton near Seattle, Washington. This is an Army Reserve unit.

McClanahan will be attending Fort Steilacoom Community College as a full time student working on an Associates Degree in Arts and Science. She is planning to make Tacoma her temporary residence.

Specialist McClanahan is the daughter of Kathleen McClanahan and granddaughter of Lillian Ferguson, both of Xenia, Ohio. She is also a 1977 graduate of Xenia High School.

Baled Burley tobacco program is extended

Secretary of Agriculture Bob Bergland has announced that producers of burley tobacco will again be eligible for government grading and price support on marketings of untied, baled tobacco. The marketing experiment, including the support prices and grades, was also in effect for the 1978-79 and 1979-80 season.

Any producer interested in marketing baled 1980 crop burley tobacco should apply during the period September 24-October 10 at the U.S. Department of Agriculture's local county Agricultural Stabilization and Conservation Service Office (ASCS).

The signup and marketing process is the same as for last year:

— Each producer will be guaranteed price support on the larger of 1,500 pounds or 20 percent of the farm marketing quota.

— Any unwanted quota will be apportioned to producers desiring to sell more than 20 percent of the farm marketing quota from a state pool instead of a county pool.

— Sales opportunity will be available on each sales day.

As part of the program, tobacco graders with USDA's Agricultural Marketing Service will apply official grades to the limited quantities of untied burley packed in bales during the 1980-81 season.

Producers wishing to lease tobacco quota to their farms, and have this leased tobacco included under the baled program, should have their leases completed and signed by the Oct. 10 deadline. There will be no late applications or application revisions made after Oct. 10. Questions should be directed to the local ASCS Office at 246 East Main Street, phone 289-5367.

ACT tests

Continued from page 3

weekend national test dates, explained Brenda Anderson, counselor at Nicholas County High School.

The five 1980-81 national test dates and the corresponding registration deadlines are:

Test Date	Registration Deadline
October 18, 1980	September 19
December 13, 1980	November 14
February 14, 1981	January 16
March 28, 1981	February 27
June 13, 1981	May 15

It takes students about three hours to complete the ACT Assessment's four exams, which cover four subject areas: English, math, social studies, and natural sciences. Students from Nicholas County High School will take the ACT tests at Maysville Community College.

Mrs. Anderson said the test scores provide an assessment of general educational development, while the questionnaire information focuses on academic and nonacademic accomplishments and interests, as well as career and educational plans.

In addition to being used by students and their high school counselors, information provided by the ACT Assessment is also used by colleges for academic advising, admissions counseling, course sectioning and placement, student services, and institutional research. Students' ACT Assessment reports are sent to only those colleges specifically designated by the respective students.
