

TIM'S AUTO TIPS

Brake fluid can evaporate when under constant heat from your engine. Check it more in the summer than winter. If you keep your car more than two and a half to three years, have the system drained and add new fluid.

Fall hog management With fall right around the corner, hog producers are being advised now to go ahead and take management steps necessary to prevent production losses. "Even though this is a very busy time of the year with tobacco harvesting taking place, producers should not neglect their hogs," says Dennis LaPorte, extension vice specialist in the University of Kentucky College of Agriculture.
