September 17, 1980

To the People of Kentucky
Honorable John Y. Brown, Jr., Governor
Honorable Reese Smoot, County Judge/Executive and
Members of the Nicholas County Fiscal Court

We have examined the statement of receipts, disbursements and excess fees of the County Clerk and Jailer of Nicholas County for the year ended December 31, 1979. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We also conducted tests of compliance with state and federal laws and regulations.

As recommended by the State Local Finance Officer, pursuant to KRS 68.210, the accompanying financial statements are prepared primarily on a cash basis. Consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when a liability is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the accompanying financial statements present fairly the receipts, disbursements and excess fees of the County Clerk and Jailer for the year ended December 31, 1979, in conformity with the accounting system described above, applied on a basis consistent with that of the preceding year.

We did not examine the statement of receipts, disbursements and excess fees of the Sheriff because all of his records were not available. In our opinion the Sheriff would have had no excess fees.

Recommendations and areas of noncompliance are as follows:

We call the fiscal court's attention to KRS 424.220 which requires that each official publish an annual settlement of receipts and disbursements within a reasonable period after the end of the year. none of the fee officials complied with this statute.

Respectfully submitted,

/s/James B. Graham
Auditor of Public Accounts

The above transmittal letter accompanied the audit report presented to Fiscal Court and is published pursuant to KRS 43.090(2).

Copies of the complete audit report are available upon request by contacting the Auditor of Public Accounts, Room 168, Capitol Annex, Frankfort, Kentucky 40601.

September 17, 1980

To the People of Kentucky
Honorable John Y. Brown, Jr., Governor
Honorable Reese Smoot, County Judge/Executive and
Members of the Nicholas County Fiscal Court

We have examined the statement of assets, liabilities and fund balances arising from cash transactions of Nicholas County as of June 30, 1979, and the related statement of revenue received, expenses paid and changes in fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We also conducted tests of compliance with state and federal laws and regulations including federal revenue sharing requirements.

As recommended by the State Local Finance Officer, pursuant to KRS 68.210, the accompanying financial statements are prepared on a cash basis. Consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when a liability is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the accompanying financial statements present fairly the assets, liabilities and fund balances arising from the cash transactions of Nicholas County at June 30, 1979, and its revenue received and expenses paid during the year then ended, in conformity with the accounting system described above, applied on a basis consistent with that of the preceding year.

In connection with our examination, we also (1) made a study and evaluation of the county's system of internal accounting control, (2) performed tests of compliance with the Revenue Sharing and Antirecession Fiscal Assistance Acts and Regulations as required by Section II.C.3. and III.C.3. of the *Audit Guide and Standards for Revenue Sharing and Antirecession Fiscal Assistance Fund Recipients* issued by the Office of Revenue Sharing, U. S. Department of the Treasury, and (3) compared the data on Bureau of Census Form F-65(KY-1) to records of Nicholas County as required by Section II.C.H. of the "Guide."

The supplemental information presented in this report is not necessary for a fair presentation of the financial statements, but is presented as additional supplementary data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above, and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

The General Fund had a cash deficit of $81,015 on June 30, 1979. This was a decrease of $12,269 from the previous year deficit. Expenses of this fund did not exceed collections during the fiscal year.

Respectfully submitted,

Callahan market analyst

Steve Callahan, for 15 years the University of Kentucky's state extension specialist in grain marketing, has been named market analyst for the Kentucky Farm Bureau Federation.

Callahan, 61, will provide market reports and analysis for Farm Bureau members covering most major Kentucky farm products. Plans call for the establishment of a statewide toll-free telephone market line and commodity newsletter.

The appointment of Callahan marks a major expansion of commodity programs for Kentucky Farm Bureau, according to Paul Everman, KFB executive vice president. The expansion comes as a result of substantial interest expressed in the new services by members of Kentucky Farm Bureau's commodity committee and a directive from the KFB Board of Directors.

As a part of that expansion, David Beck, a four-year KFB employee, is assuming responsibilities as director of a new full-time department of commodity activities. Beck, 28, has served as director of commodity relations and assistant legislative director since 1978.

In his new position, Beck will have overall responsibility for the federation's commodity programs, Everman said, including his own commodity relations work and the commodity information duties assigned to Callahan.

Everman said the call-in market line is expected to be installed and operational before May 1. The toll-free number will be advertised widely among Farm Bureau members.

Likewise, the first issue of the commodity newsletter should be in the mail to Farm Bureau's organizational and commodity leadership by the first of May.

In his daily market reports, Callahan is expected to deal primarily with regional cash prices and future prices for major commodities, including livestock, grain and tobacco. In addition, he will discuss factors influencing market movement.

A native of Owsley County, Callahan served as agricultural extension agent in Edmonson County and as area marketing specialist in Warren County before assuming the grain specialist post in 1966. He holds B.S. and Masters degrees in agriculture from U.K.

NOTICE TO KENTUCKY UTILITIES COMPANY CUSTOMER

Kentucky Utilities Company, on March 23, 1981, filed with the Public Service Commission of Kentucky, Notice of General Adjustment of Rates by which the Company is proposing a new permanent Kentucky retail rates which would increase each rate classification approximately 13.2 percent and produce additional annual revenues of $39.3 million based on the test period of the 12 months ended December 31, 1980.

The Company is also proposing that, pending final action on the permanent rates, there be placed in effect immediately interim rates equal to approximately three-fourths of the proposed permanent rates, applicable to each applicable rate classification approximately 9.23% and produce additional annual revenues of approximately $29.2 million based on the same historical test period.

The Commission, by order of March 31, 1981, has suspended the proposed rates for a period of not exceeding six months from April 13, 1981. The Commission has scheduled a public hearing on the proposed permanent rates on April 28, 1981, at 1:00 p.m. (EDST) at the Commission's offices at 730 Schenkel Lane, P.O. Box 615, Frankfort, Kentucky 40602 with cross-examination of sworn testimony of witnesses of the Commission. The Commission has also scheduled a hearing for cross-examination of the Company's sworn testimony on May 26, 1981 at 1:30 p.m. (EDST) at the Commission's offices. Intervenors desiring to submit testimony on the proposed interim rates must file the testimony, prepared form with the Commission, with copies to parties of record, by May 12, 1981, and, if necessary, a hearing for cross-examination of such testimony will be held on that matter commencing one week thereafter.

The rates contained in this notice are the rates proposed by Kentucky Utilities Company. However, the Public Service Commission may order rates different from those proposed in this notice. Such action may result in an increase or decrease in the rates for customers other than those rates set forth in this notice.

Copies of the verified prepared testimony in support of the proposed interim rates may be obtained at the Company's offices at 730 Schenkel Lane, Frankfort, Kentucky 40602. Requests for prepared testimony should be delivered or mailed to J. W. Bradley, Vice President, c/o Kentucky Utilities Company, One Quality Street, Lexington, Kentucky 40507.

The proposed rates are exhibited at offices and places of business of the Company. The proposed permanent rates in condensed form are set forth in the rate classifications below. The proposed interim rates are equal to the proposed permanent rates with an adjustment factor of 0.972374 applied to the base energy charges for the adjustment by Fuel Clause.
