## Outreach Dept. has busy month

The Outreach Department of the Nicholas County Community Center has been busy this month. With the weather nicer, everything seems to be coming to life again.

The Transportation Department has served 106 people this month, a great improvement over last month.

In the Clothing Bank people are looking for lighter clothing now that the weather is warming up and 189 people were served from the Clothing Bank.

Home contact visits have been made as many people in Nicholas County as possible to let them know of our services and group meetings, totaling 140 home visits in March.

There have been seven Community Group meetings with a total of 46 people representing different areas of the county.

The department just started to take applications for garden seed which we give to low-income people 60 years old or older. Our local county and city government applied the money for this project and we are grateful for the help they give to people who need it.
