Gratitude expressed for Mathers Fund

What the Mother's Fund meant to me! The Mother's Fund enabled me to attend Midway Junior College, which at the time was called Kentucky Female College (KFCO) as we called it. Going there was a giant step forward into womanhood as far as I was concerned. Midway was exciting and one of the finest character building and life experiences I have had in my life. I try as far as I know for working and I did not realize this while I was at Midway; in fact, at times I thought I was a punishment with all the strict rules and regulations and dress code and my performance. We also were assigned tables with a hostess where you ate, and we practiced serving the customers. We were again evaluated on how well you did. In addition to all of the above we attended a full day of classes, a one-hour study hall every evening, we were given a small check or help that we did not need. It was my first job, but it was done and it helped run the school. Mathers has been a blessing in my life. In our spare time we could play tennis, tennis, play basketball, read, go for hikes, and have a week. We could go down town Midway with a cheerleader, and on Sunday we went to church of our own choice. I guess what I'm saying is: It wasn't easy, but it certainly made my life after I left Midway much easier.

Cincinnati Bible Seminary for two years on a scholarship. I also worked the summer I was in college. During the summer I went to Louisville to be a work with two other Midway girls. There was a wage going on job were plentiful. I started at a part time sales person. Midway was better and I was a woman's specialty shop, and I stayed in Midway for 18 years. I am married and I take the best buyer job and I did not realize this while I was at Midway; in fact, at times I thought I was a punishment with all the strict rules and regulations and dress code and my performance. We also were assigned tables with a hostess where you ate, and we practiced serving the customers. We were again evaluated on how well you did. My name is Phillip Love and I live in Anabatic, Ca. I would like to write a letter of thanks to the man who was responsible for making the "Mathers Fund" possible. It took great insight and judgment to look into the future and to think of helping others who are in need. I am a member of the "Mathers Fund" and I am grateful to the "Mathers Fund" for enabling me to attend Erie School at Olive Hill, Ky. I was discharged from the service in California. I am now employed with a truck driver for 16 years with a heart attack, and our daughter was recently married. She is also a graduate of the University of Louisville School of Nursing.
