Kay's Kitchen
By Kay Fisher
So many fresh fruits are available now, and they are the perfect choice to set off a summer meal. You may not think "as is" they may be served with a topping. Everyone may help themselves to an assortment of fruit; then spoon on a dollop of topping. The fruits will be any kind you wish, then in season with perhaps a selection of canned fruits added. The topping is a combination of vanilla pudding and sour cream. You make it in five to ten minutes and chill until serving time.
