She lived from 1736 to 1784, and most historians credit her with founding the Shakers. She took a stand for the dignity of labor and the rights of conscience and was an advocate of equal rights and responsibilities for women a full century before suffrage became a political issue. A pacifist, she was suspected of treason during the Revolutionary War and spent much of that period in jail. Who was that lady? — Ann Lee

HOROSCOPE

NEXT WEEK'S

BY SALOME

FOR RELEASE WEEK OF JULY 27, 1981

If your birthdate occurs this week

Saturday's new moon leaves you feeling bright

Personal goals reach a stunning new height

Aries Mar. 21 - Apr. 19 **Mars**

Arian Rams and Ewes needn't feel sheepish if they find it a little difficult to charm their way out of situations this week. Ruling planet Mars is slightly out of line making for slightly touchy moments.

Taurus Apr. 20 - May 20 **Venus**

Taurean Bovines should find things go fine so long as they don't bully themselves into a situation. Discretion continues to be the better part of any valiant effort. Be discreet, when talking to the boss.

Gemini May 21 - June 20 **Mercury**

Gemini Twins get the best of the week's slightly off-center position. Striking a balance between apparently uneven choices is easier for you than for others. Gratifying moments follow disappointments.

Cancer June 21 - July 22 **Moon**

Check your health. All summer sniffles aren't allergies. In business, read over the last letters you received on that big new deal and list all the questions you still have — and ask them. Demand answers.

Leo July 23 - Aug. 22 **Sun**

Of course, you've always connected with getting the Lion's share of the good things of the world. But this week may have to wait a little longer. Take time to relax and enjoy some non-action opportunities.

Virgo Aug. 23 - Sept. 22 **Mercury**

Your key word this week is preparation. Don't let summer fun lead you forget you have plans for fall. Stay in touch with those who can help you reach your goals. You'll reap the rewards of your hard work.

Libra Sept. 23 - Oct. 22 **Venus**

Your ruling planet, Venus, is strong in your sign this week although she tends to hide much of her influence behind some confusing signals. Don't give up. Persevere and you'll be rewarded in romantic endeavors.

Scorpio Oct. 23 - Nov. 21 **Pluto**

Hard work and persistence pays off. You'll find all sorts of added boosts to get you back on top at last. A gossip-monger out of the past returns. Best way of dealing with that problem is to ignore it.

Sagittarius Nov. 22 - Dec. 21 **Jupiter**

If you're feeling all at sea this week, part of the confusion is due to all the things you have to do. Sort them out, and do only what's important. In romance, honest talk turns the all-at-sea mood into a trip on a love boat.

Capricorn Dec. 22 - Jan. 19 **Saturn**

Stop kicking and start listening to your own instincts. Things are better than they seem, and you know it. Forget the irksome areas and concentrate on getting important jobs done. A lesson is to know you better.

Aquarius Jan. 20 - Feb. 18 **Uranus**

You have the gift for landing on your feet after a fall. So, take that chance you've been waiting for. You know you'll turn it into a real winner, even if you have a temporary setback. Watch your health. Don't overdo.

Pisces Feb. 19 - Mar. 20 **Neptune**

When you have that all-at-sea feeling, it means you feel like taking a trip. If you can make the time, fine. If not, curl up with a book into a savings account and treat yourself to really deluxe treatment next year.

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find those words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle, then strike it off the list. Circling it will show a letter has been used but will not hide visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD

Sol.: 10 letters
