Kay's Kitchen

By Kay Fisher

One of the delights of Fall! Apples and more apples. From orchards, roadside stands, to grocery stores, this delicious fruit is available and ready to eat.

Apples keep well and may be used in a variety of ways, from apple pie to candied apples, so treat your family to an apple dessert today.

Here is a special deep dish apple pie.

CANDY APPLE PIE

1¼ cups sugar
1 teaspoon cinnamon
¼ teaspoon cloves
¼ teaspoon nutmeg
½ cup water
½ cup red dinner wine
1 tablespoon lemon juice
8 cups thinly sliced apples, about 8 medium apples
Pecan Crumb Topping

Combine sugar, spices, water and wine in large saucepan. Stir over low heat until sugar is dissolved, about 10 minutes. Stir in lemon juice. Add apple slices and simmer until apples are tender, but still hold their shape.

Lift apples with a slotted spoon from syrup into a deep nine-inch pie pan. Boil syrup 10 minutes longer. Pour syrup slowly over apples in pie pan, lifting apples so syrup will run underneath. If apples are very juicy there may be syrup left over, as pie pan should not be filled to the top, so save to use in other ways.

Spread Pecan Crumb Topping evenly over surface. Bake 10 to 12 minutes or until golden brown.

PECAN CRUMB TOPPING

½ cup firmly packed brown sugar
¼ cup butter or margarine
½ cup flour
¼ teaspoon cinnamon
¼ cup chopped pecans

Blend first four ingredients until butter is the size of peas. Stir in pecans.

HONEY APPLE CAKE

3 eggs
2 cups sugar
1 cup oil
¼ cup honey
3 cups flour
1 teaspoon soda
1 teaspoon salt
1 teaspoon cinnamon
¼ teaspoon nutmeg
1 teaspoon vanilla
1 cup chopped nuts
3 cups chopped apples
Topping

Beat together eggs, sugar, oil and honey. Sift together the dry ingredients and add to honey mixture. Mix thoroughly. Add vanilla, nuts and apples. Mix gently and pour into a 13x9x2 inch cake pan, lightly greased and floured. Bake 45 minutes in 350 degree oven, or until done.

TOPPING

1 stick margarine
1 cup brown sugar
¼ cup milk
¼ cup honey

Boil ingredients together about three minutes and pour over cake while it is still hot. It makes an extra moist cake that keeps well.

CARAMEL APPLES

1 large bag (14 ounces) caramels
2 tablespoons water
4 or 5 medium apples, washed and dried
Wooden sticks

Melt caramels with water in double boiler or in saucepan over very low heat. Stir occasionally until sauce is smooth. Insert a wooden stick into the stem end of each apple. Dip into hot caramel sauce; turning until apple is well coated. Scrape off excess sauce from bottom of apples. Place on greased wax paper; chill until firm. Store in a cool place.
