Re-Elect Tommy Vaughn

Carlisle City Council Election Nov. 3, 1981 Your Vote & Support Appreciated.

Elect Frankie Hughes For Mayor

During the past few weeks I've met and talked to most of you. Now I would like to take this opportunity to speak to you about several things that I think deserve your consideration this last week of my campaign.

I've grown up, married, and raised a family in Nicholas County and Carlisle, and have seen many changes. I'm aware of many problems faced by this community and the people who live in it. Every year our local high school graduates a number of young men and women who have unlimited potential.

Some people have suggested that I would raise property taxes, raise city sticker fees, and implement a payroll tax. I know you as citizens realize that any raising, lowering, or initiating of any tax is the responsibility of the City Council, not the Mayor. We can accomplish what needs to be done in the city by careful budgeting of its money and careful accounting for every cent to be sure money is spent as it is intended.

We can avoid mix-ups in our personnel by forming a Police Committee to run the department like our other departments are managed. I proposed an ordinance which passed the Council that prohibits the firing of any police officer without a full hearing of the Council.

Our city should be used for city business only. This should cut down on the congestion at the office when we have city business to CONDUCT.

Your Vote and Support Appreciated
